# Safety Instruction Guide for SCREWS FOR BROWNELLS GLOCK® SLIDES

## Introduction

Thank you for choosing the SCREWS FOR BROWNELLS GLOCK® SLIDES. This guide provides important safety instructions and guidelines to ensure the safe use and installation of the product. Please read this document carefully before using the screws.

## General Safety Guidelines

To ensure safe use of the SCREWS FOR BROWNELLS GLOCK® SLIDES, please follow these general safety guidelines:

- Always inspect the screws for any signs of damage or wear before use.
- Ensure that the screws are compatible with your specific Glock® slide model.
- Keep the screws out of reach of children and vulnerable individuals.
- Use the screws only for their intended purpose as specified in this guide.
- Do not use excessive force when tightening the screws to avoid stripping the threads.
- If you experience any issues during installation or use, stop immediately and seek assistance.

## Specific Safety Precautions for Use

When using the SCREWS FOR BROWNELLS GLOCK® SLIDES, please adhere to the following precautions:

- Verify that all tools used for installation are appropriate and in good condition.
- Avoid using the screws in environments that may expose them to extreme temperatures or corrosive substances.
- Do not modify the screws in any way, as this may compromise their structural integrity.
- If a screw becomes loose during use, stop using the product and tighten the screw before further use.
- Always follow the manufacturer's specifications for torque settings when installing the screws.

## Instructions for Installation and Usage

To properly install and use the SCREWS FOR BROWNELLS GLOCK® SLIDES, please follow these stepbystep instructions:

### 1. Preparation:

- Gather all necessary tools, including a T10 screwdriver.
- Ensure that the Glock® slide and the area of installation are clean and free from debris.

### 2. Installing the Trijicon RMR or Holosun:

- Position the optic mount on the Glock® slide.
- Insert the 5/16 x 440 TPI screws into the designated holes.
- Using the T10 screwdriver, tighten the screws evenly until secure. Do not overtighten.

### 3. Installing the Brownells Cover Plate:

- Align the Brownells cover plate (078000413) with the holes on the Glock® slide.
- Insert the 1/4" x 440 TPI screws into the designated holes.
- Using the T10 screwdriver, tighten the screws evenly until secure. Avoid overtightening.

#### **4. Final Inspection:**

- Once all screws are installed, doublecheck that they are secure and that the optic is properly mounted.
- Perform a function check of the Glock® slide to ensure everything is operating correctly.

## **Disposal Instructions**

When disposing of the SCREWS FOR BROWNELLS GLOCK® SLIDES, please follow these guidelines:

- Do not dispose of screws in regular household waste.
- Check with local regulations for proper disposal methods of metal products.
- Consider recycling the screws if possible to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the SCREWS FOR BROWNELLS GLOCK® SLIDES, please refer to the manufacturer's website or customer support resources for assistance.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
