

RMR CUT SLIDE FOR GLOCK® 19 GEN 3 - BROWNELLS RMR SLIDE +WINDOW FOR GEN3 GLOCK® 19 BRONZE PVD

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Integral Red Dot Sight Mounting Slot, Plus a Ton of Custom Features!

The limited production Brownells Brown RMR Slide for Glock® 19 Gen3 pistols features a pre-cut slot for easy, secure, low-profile mounting of a Trijicon RMR or Holosun red dot sight. Up front, there are distinctive, cocking serrations that aid in manipulating the slide to check the chamber or clear a jam. And we'll admit it: the serrations just look cool, too. All RMR Slides also have standard Glock® factory front and rear sight dovetails for "iron" sights. To get proper co-witnessing with the RMR, you will need to also install suppressor-height iron sights. These limited production Brownells Brown slides for the Glock® 19 Gen3 come with a "window" cutout on top between the front serrations that enhances airflow to keep the barrel cooler - ideal for hard-working action competition pistols. Plus, if you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.) the window lets you show it off a bit! A Brownells RMR Slide is the ideal upgrade for your factory Glock® 19 Gen3 OR the perfect "top half" for a brand-new custom gun built on a Polymer80 80% frame. Fits Gen3 Glock® 19 pistols & clones Built-in Trijicon RMR mounting slot Also accepts Holosun HE508T, HS507C & HS407C red dot sights Factory front/rear iron sight cuts, too Machined from corrosion-resistant 17-4 stainless steel billet Each RMR Slide for Glock® starts life as a billet of 17-4 stainless steel that is machined to Glock® factory specifications inside, so it'll accept factory or aftermarket barrels and internal parts. Each slide is heat-treated to Rc 41-44 on the Rockwell C scale for added surface hardness and wear resistance. The Brownells Brown slide is a limited production and once they are gone, they're gone. Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017. Includes patented optic cut technology pioneered by ZEV Technologies. Patent No. RE47335

RMR CUT SLIDE FOR GLOCK® 19 GEN 3

BROWNELLS RMR SLIDE + WINDOW FOR GEN3

GLOCK® 19 BRONZE PVD

Safety Instruction Guide

Introduction

Thank you for choosing the Brownells RMR Cut Slide for Glock® 19 Gen 3. This product is designed for enhanced performance and safety. Please read this safety instruction guide carefully to ensure safe usage, installation, and maintenance of your new slide.

General Safety Guidelines

- **Product Safety:** Always ensure that the slide is installed and used according to the manufacturer's specifications to prevent accidents.
- **Enhanced Recalls:** Stay informed about product recalls. The manufacturer will provide standardized recall notices if necessary.
- **Online Shopping Safety:** When purchasing online, ensure you are buying from reputable sources that comply with safety regulations.
- **Vulnerable Groups:** Keep this product out of reach of children and ensure that only trained individuals handle it.
- **EU Contact Point:** For any safety inquiries, please refer to the manufacturer's provided contact information.
- **Rapid Alerts:** Regularly check the EU Safety Gate platform for updates on product safety.

Specific Safety Precautions for Use

- **Installation:** Ensure the slide is installed by a qualified gunsmith or a knowledgeable individual. Improper installation can lead to malfunctions.
- **Handling:** Always handle firearms with care. Treat every firearm as if it is loaded.
- **Sights:** Use suppressorheight iron sights for proper cowitnessing with the RMR.
- **Maintenance:** Regularly check the slide for wear and tear. Replace any damaged parts immediately.
- **Shooting Environment:** Always use firearms in a safe environment, following all local laws and regulations regarding shooting.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the necessary tools: a channel liner installation tool (recommended #777100017).
- Make sure your Glock® 19 Gen 3 is unloaded and pointed in a safe direction.

2. Installation:

- Remove the factory slide from the frame.
- Install the channel liner into the new Brownells RMR Slide. This is a press fit and requires a tool for installation.
- Mount the slide onto the frame, ensuring it fits securely.
- Install the Trijicon RMR or Holosun red dot sight into the precut slot.
- Adjust the sights as necessary for proper alignment.

3. Usage:

- Always perform a function check after installation to ensure the slide operates correctly.
- When using the firearm, ensure you are familiar with the operation of the RMR sight.
- Regularly practice safe handling and shooting techniques.

Disposal Instructions

- Dispose of any packaging materials responsibly, recycling where possible.
- If the slide becomes damaged beyond repair, follow local regulations for the disposal of firearm parts.
- Do not throw away in regular trash; consult local guidelines for hazardous materials if applicable.

Contact Information for Further Support

For any questions or concerns regarding the Brownells RMR Cut Slide for Glock® 19 Gen 3, please refer to the manufacturer's contact details provided with your product.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Brownells RMR Cut Slide. Always prioritize safety and proper handling of your firearm.
