## A Barrel Upgrade that Fits Any "Gen" G19

Our Match-Grade Barrel for the Glock® 19 fits ALL generations of G19, Gen1 through Gen5. It's an excellent replacement for a shot-out factory barrel or for completing a pistol based on the G19 platform. And it's the ideal tube for a custom gun built on a Polymer80 frame with a Brownells RMR Slide on top! Each Brownells Match-Grade Barrel for Glock® 19 is machined from hardened 416R stainless steel to precise dimensions, so it's a drop-in fit on most guns. The tight lockup helps ensure superb accuracy, too. The extra-hard Black Nitride finish resists surface wear and stops in its tracks whatever corrosion might try to challenge the stainless steel. This 9mm Luger (9x19mm) chambered barrel is button-rifled with standard, 1-10" right-hand, 6-groove rifling that is compatible with "practice" ammo with non-jacketed bullets. Fits Glock® 19 Gen1 thru Gen5 Button-rifled 1-10" twist 416R stainless steel Non-reflective Black Nitride anti-corrosion finish Threaded model available with 1/2"-28 tpi threads Our match barrel for Glock® 19 is available with either a Plain muzzle with an 11-degree target crown or Threaded (1/2"-28 tpi) to enable installation of a compensator or sound suppressor. Both are laser-engraved with the chambering and the Glock model it fits.

# Safety Instruction Guide for Match Grade Barrels for Glock® 19

## Introduction

Thank you for choosing the Match Grade Barrel for Glock® 19 by Brownells. This guide provides essential safety information and instructions to ensure the safe use of your product. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Ensure that the barrel is compatible with your specific Glock® 19 model (Gen 15) before installation.
- Follow all local laws and regulations regarding firearm modifications and use.
- Keep firearms and ammunition out of reach of children and unauthorized users.
- Regularly inspect your barrel and firearm for signs of wear or damage.
- Do not use ammunition that exceeds the specifications for your barrel.
- If you experience any issues with your barrel, cease use immediately and seek professional assistance.

## Specific Safety Precautions for Use

- Ensure that the firearm is pointed in a safe direction when handling.
- Always wear appropriate eye and ear protection when firing your firearm.
- Do not modify the barrel or firearm in any way that is not recommended by the manufacturer.
- Be aware of your surroundings and ensure that you have a safe backdrop when shooting.
- Only use ammunition that is compatible with the 9mm Luger (9x19mm) chamber.
- If using nonjacketed bullets, ensure they are suitable for the barrel's rifling specifications.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is unloaded and that you are in a safe environment.
- Gather necessary tools, including a suitable torque wrench, if required.

### 2. Installation:

- Remove the factory barrel from your Glock® 19 by following the manufacturer's instructions.
- Insert the Match Grade Barrel into the slide, ensuring it is properly seated.
- Reassemble the slide and frame of your Glock® 19.
- Perform a function check to ensure that the firearm operates correctly with the new barrel.

### 3. Usage:

- After installation, take your firearm to a safe shooting range for testing.
- Begin with a small number of rounds to ensure proper functioning.
- Monitor for any unusual behavior during firing, such as misfires or ejection issues.

## Disposal Instructions

- Dispose of any unused or damaged barrels in accordance with local regulations.
- Do not dispose of firearms or firearm components in regular household waste.
- Contact local authorities or waste management facilities for safe disposal options.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please refer to the manufacturer's website or customer support resources. Ensure to have your product details ready for any inquiries.

Thank you for prioritizing safety and compliance while using your Match Grade Barrel for Glock® 19. Your adherence to these guidelines will help ensure a safe and enjoyable shooting experience.
