Safety Instruction Guide for SLIDE LOCK SPRING FOR GLOCK® COMPACT PISTOLS

Introduction

Thank you for choosing the SLIDE LOCK SPRING FOR GLOCK® COMPACT PISTOLS by BROWNELLS. This guide provides essential safety instructions and information for the proper use and installation of the slide lock spring for Glock® models 19, 23, 32, and 38. Please read this guide carefully to ensure safe handling and operation.

General Safety Guidelines

- Ensure that the slide lock spring is compatible with your specific Glock® model (19, 23, 32, or 38).
- Always handle firearms and their components with care and follow standard firearm safety practices.
- Store this product in a secure location, away from children and unauthorized users.
- Regularly inspect the slide lock spring for signs of wear or damage before use.
- If you experience any issues with the slide lock spring, cease use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before performing any maintenance or installation of the slide lock spring.
- Use only manufacturer-approved parts for your Glock® firearm to maintain safety and functionality.
- Avoid using excessive force during installation to prevent damage to the firearm or the slide lock spring.
- If you are unfamiliar with firearm maintenance, seek assistance from a qualified professional.
- Keep your workspace clean and organized to avoid losing small parts during installation.

Instructions for Installation and Usage

Installation Instructions

1. Prepare the Workspace:

- Ensure you have a clean, welllit area to work in.
- Gather necessary tools, such as a punch tool and a small hammer.

2. Unload the Firearm:

- Ensure the firearm is completely unloaded. Remove the magazine and check the chamber.

3. Remove the Slide:

- Follow the manufacturer's instructions to safely remove the slide from the frame of the Glock® pistol.

4. Remove the Old Slide Lock Spring:

- Using a punch tool, carefully remove the old slide lock spring from its position.

5. Install the New Slide Lock Spring:

- Align the new slide lock spring with the designated slot.
- Gently press the spring into place using the punch tool, ensuring it is securely fitted.

6. Reassemble the Firearm:

- Reattach the slide to the frame of the Glock® pistol following the manufacturer's instructions.

7. Function Check:

- Conduct a function check to ensure the slide lock operates correctly before using the firearm again.

Usage Instructions

- Always refer to the Glock® user manual for specific operational details related to your model.
- Regularly inspect the functionality of the slide lock during routine maintenance.
- If any malfunction occurs, discontinue use and consult a qualified gunsmith.

Disposal Instructions

- Dispose of the slide lock spring in accordance with local regulations.
- Do not dispose of any firearm components in regular household waste.
- If the product is defective or damaged, contact the appropriate waste management facility for guidance on disposal.

Contact Information for Further Support

For any safety inquiries or further support regarding the SLIDE LOCK SPRING FOR GLOCK® COMPACT PISTOLS, please consult the manufacturer's website or customer service resources. Ensure you have the product information ready for a more efficient response.

By following these safety instructions, you can ensure safe and effective use of the SLIDE LOCK SPRING FOR GLOCK® COMPACT PISTOLS. Always prioritize safety and consult professionals when in doubt. Thank you for your attention to these guidelines.
