

DELTA POINT CUT SLIDE FOR GLOCK® 34 GEN 3 - BROWNELLS DPP SLIDE +WINDOW FOR GEN 3 GLOCK® 34 STAINLESS NITRIDE

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Our Leupold Delta Point Pro Cut Slide for Glock® 34 Gen3 pistols features distinctive, wraparound front cocking serrations that aid in manipulating the slide to check the chamber or clear a jam. (OK, we'll admit it: the serrations just look cool, too.) It also comes with a pre-cut slot for easy, secure mounting of a Leupold Delta Point Pro or compatible footprint red dot sight. All DPP Slides also have standard Glock® factory front and rear sight dovetails for "iron" backup sights. To get proper co-witnessing with the DPP, you will need to also install suppressor-height iron sights. You can also get your Brownells DPP Slide for Glock® 34 Gen3 with a "window" cutout on top that enhances airflow to keep the barrel cool - ideal for hard-working action competition pistols. Plus, if you have an upgraded barrel with a contrasting finish or a unique exterior pattern (fluting, spirals, "flames," etc.) the window lets you show it off a bit! Each DPP Slide for Glock® starts life as a billet of 17-4 stainless steel that is machined to Glock® factory specifications inside, so it'll fit factory frames and accept factory or aftermarket barrels and Gen3 internal parts. Slides are heat-treated to Rc 41-44 on the Rockwell C scale for added surface hardness and wear resistance. Fits Gen3 Glock® 34 pistols & clones Machined from corrosion-resistant 17-4 stainless steel billet Leupold Delta Point Pro footprint Plus factory front/rear sight cuts Available with distinctive top Window cutout or traditional Solid top A Brownells DPP Slide is the ideal upgrade for your factory Glock® 34 Gen3 pistol. Brownells Gun Tech™ Note: Channel liner required for these slides. Channel liner is a press fit and requires a tool to install. We recommend #777-100-017. Includes patented optic cut technology pioneered by ZEV Technologies. Patent No. RE47335

Safety Instruction Guide for DELTA POINT CUT SLIDE FOR GLOCK® 34 GEN 3

Introduction

Thank you for choosing the DELTA POINT CUT SLIDE FOR GLOCK® 34 GEN 3. This product is designed to enhance the performance of your Glock® 34 Gen 3 pistol. However, it is essential to follow safety guidelines to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR). This guide provides crucial information about the safe use, installation, and disposal of the product.

General Safety Guidelines

- Ensure that the slide is compatible with your Glock® 34 Gen 3 before installation.
- Always handle firearms and firearm components with care.
- Keep the slide and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the slide for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications and safety.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installing or removing the slide.
- Wear appropriate eye protection while installing or handling the slide.
- Use the correct tools as specified in the installation instructions to avoid damaging the slide or firearm.
- Ensure that the channel liner is properly installed to avoid malfunctions.
- If using suppressorheight iron sights, ensure they are compatible with the Delta Point Pro setup for proper cowitnessing.
- Avoid exposing the slide to extreme temperatures or harsh chemicals that may affect its integrity.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the recommended channel liner tool (#777100017).
- Ensure your workspace is clean and free of distractions.

2. Installation Steps:

- Ensure the Glock® 34 Gen 3 is unloaded and pointed in a safe direction.
- Remove the factory slide by following the manufacturer's instructions.
- Install the channel liner into the new slide using the appropriate tool.
- Align the slide with the factory frame and press it into position.
- Securely mount the Leupold Delta Point Pro or compatible red dot sight in the precut slot.
- If applicable, install suppressorheight iron sights for proper cowitnessing.

3. PostInstallation Checks:

- Conduct a function check to ensure the slide operates smoothly.
- Verify that all sights are properly aligned and secure.
- Always check the firearm's functionality before use.

Disposal Instructions

- Dispose of any damaged or nonfunctional components in accordance with local regulations.
- Do not dispose of the slide or any firearm components in regular household waste.
- Contact local authorities or recycling centers for specific disposal instructions.

Contact Information for Further Support

For any questions or concerns regarding the DELTA POINT CUT SLIDE FOR GLOCK® 34 GEN 3, please consult your local firearms dealer or a qualified gunsmith for assistance. Always prioritize safety and compliance with local laws when modifying or using firearms.
