## A Scope That'll Help You Realize Your Target Rifle's Full Potential - from Brownells!

The Brownells 5-25x56mm Match Precision Optic® gives you the critical functions found on a high-end target rifle scope - without the high-end price. We wanted to incorporate many recent innovations in optics, while pricing it ideally for Production Class in the fast paced Precision Rifle competitions. The MPO has fully multi-coated, edge-blackened Japanese glass for superb image clarity. The turrets offer tactile and audible clicks and are easy to reset to zero. Elevation turret features a zero stop and allows .5 mils of travel below the zero stop, to give you plenty of flexibility. The N-OMR® System (Non-Obscuring Milling Reticle® System) has an open center main crosshair that allows you to hold on your target without covering it. An added bonus is the thin double line increase visibility of the crosshair at low magnification. This type of reticle is excellent for shooting disciplines requiring fast shots under a time constraint, or when fast follow up shots are needed. The top portion of the N-OMR® System is intentionally left open so the shooter can spot his/her own shots (or misses). To make things easier, the N-OMR® System is available within the popular ballistic app Strelok, available for download on most all mobile devices. 34mm Main Tube Reticle and Turrets in MRAD for quick and easy adjustments First Focal Plane Illuminated N-OMR® System Fully multicoated lenses for fog and waterproof performance Capped Windage turret prevent accidental adjustment The Brownells 5-25x56mm MPO is the perfect optic for the long-range competitor whose budget is not unlimited, or somebody who wants to get started in the sport. As with all products we sell, this scope is fully backed by our Forever Guarantee.

## Attributes

- Name: [BROWNELLS MPO 5-25X56MM FFP ILLUMINATED N-OMR® RETICLE BLACK](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080001375
- Mfr. No.: MPO052556MIL
- Battery: CR-2032
- Click Value: 0.1 MRAD
- Click Value: 0.1 MRAD
- Eye Relief: 3.70"
- Finish: Black
- Focal Plane: First
- Illumination: Yes
- Length: 15.4"
- Max Magnification: 25x
- Min. Magnification: 5x
- Model Number: Match Precision Optics
- Objective Size: 56mm
- Reticle: N-OMR
- Tube Size: 34mm
- Weight: 37.0 oz
- Delivery weight: 1.982kg
- Shipping height: 102mm
- Shipping width: 127mm
- Shipping length: 533mm
- UPC: 050806112841

## Item details

This product contains a battery.  
US export classification: 0A504.a

# Safety Instruction Guide for MATCH PRECISION OPTIC (MPO) 525X56MM FFP ILLUMINATED RIFLE SCOPE

## Introduction

Thank you for choosing the Brownells 525x56mm Match Precision Optic (MPO) Rifle Scope. This guide provides essential safety instructions to ensure safe and effective use of your new optic. Please read this guide carefully and keep it for future reference.

## General Safety Guidelines

- Ensure safe use of the MPO Rifle Scope by following these guidelines:
  - Always handle the scope responsibly and treat it as if it is loaded, even when it is not.
  - Familiarize yourself with the operation of your rifle and scope before use.
  - Do not point the scope at anything you do not intend to shoot.
  - Ensure that you are in a safe environment when using the scope, away from unauthorized persons.
  - Always wear appropriate eye protection when using firearms.
  - Keep the scope and all firearms out of the reach of children and unauthorized users.
  - Regularly inspect the scope for any signs of damage or wear. If damaged, do not use the scope until it has been repaired by a qualified technician.

## Specific Safety Precautions for Use

- When using the MPO Rifle Scope, please observe the following precautions:
  - Do not modify the scope or its components in any way.
  - Avoid exposing the scope to extreme temperatures, humidity, or harsh chemicals.
  - Ensure that the scope is securely mounted to your rifle according to the installation instructions.
  - Use the illumination feature responsibly; do not use it in situations where it may compromise your safety or the safety of others.
  - Be aware of your surroundings and ensure that your target and beyond are clear before taking a shot.

## Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the MPO Rifle Scope:

### 1. Installation:

- Ensure that the rifle is unloaded before beginning the installation process.
- Use the appropriate mounting rings for your scope and rifle.
- Securely attach the scope to the rifle's rail, ensuring it is level and aligned with the barrel.
- Tighten the mounting screws evenly to prevent damage to the scope.
- Verify that the scope is securely mounted by gently shaking it to check for movement.

### 2. Usage:

- Adjust the magnification by rotating the magnification ring until the desired level is reached.
- Set the parallax adjustment according to the distance of your target for optimal clarity.
- Use the elevation and windage turrets to make necessary adjustments based on your shooting conditions.

- To illuminate the reticle, press the illumination button and select the desired brightness level.
- After use, turn off the illumination feature to conserve battery life.

## **Disposal Instructions**

- Properly dispose of the MPO Rifle Scope and its components as follows:
  - Follow local regulations regarding the disposal of optical devices and batteries.
  - If the scope is damaged beyond repair, contact a local waste management facility for guidance on disposal.
  - Remove the battery (CR2032) from the scope before disposal and recycle it according to local battery recycling guidelines.

## **Contact Information for Further Support**

- For questions or concerns regarding the safety and usage of the MPO Rifle Scope, please refer to the manufacturer's website or customer support resources for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Brownells 525x56mm Match Precision Optic Rifle Scope. Always prioritize safety and responsible usage while enjoying your shooting activities.
