

# MATCH PRECISION OPTIC (MPO) 1-8X24MM SFP ILLUMINATED RIFLE SCOPE - BROWNELLS MPO 1-8X24MM SFP ILLUM. CQ-NOMR RETICLE BLACK W/AR MOUNT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

Flushing out the line of Match Precision Optics (MPO) is the 1-8x24mm. Similar to the rest of the MPO line, these LPVOs are manufactured in Japan and feature the high quality optics you've come to expect from the MPO line. Fully multi-coated, edge-blackened ED Glass lenses offers great clarity and light transmission. Featuring matched MRAD reticles and turrets. 30mm Main Tube Low profile capped turrets Fogproof and waterproof Illuminated CQ-NOMR second focal plane reticle ED Lenses The 1-8x magnification range takes over where a standard red dot leaves off, giving you fast target acquisition at 1x with the ability to max out the magnification to 8 power to take those longer shots. Maximize the utility of you AR platform rifle.

## Attributes

- Name: [BROWNELLS MPO 1-8X24MM SFP ILLUM. CQ-NOMR RETICLE BLACK W/AR MOUNT](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 080001395
- Mfr. No.: MPO010824CQMNT
- Battery: CR-2032
- Click Value: 0.1 MRAD
- Click Value: 0.1 MRAD
- Eye Relief: 3.50"
- Finish: Black
- Focal Plane: Second
- Illumination: Yes
- Length: 10.9"
- Max Magnification: 8x
- Min. Magnification: 1x
- Model Number: Match Precision Optics
- Objective Size: 24mm
- Reticle: N-OMR
- Tube Size: 30mm
- Weight: 32.0 oz
- Delivery weight: 1.338kg
- UPC: 050806113558

## Item details

This product contains a battery.  
US export classification: 0A504.a

# MATCH PRECISION OPTIC (MPO) 18X24MM SFP ILLUMINATED RIFLE SCOPE USER SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Match Precision Optic (MPO) 18X24MM SFP Illuminated Rifle Scope. This guide provides essential safety instructions and usage information to ensure the safe operation of your rifle scope. Please read this manual thoroughly before using the product.

## General Safety Guidelines

- Always handle the rifle scope with care to prevent damage and ensure safety.
- Ensure that the rifle scope is mounted securely on the rifle before use.
- Keep the rifle scope out of reach of children and unauthorized users.
- Do not point the rifle scope at anything you do not intend to shoot.
- Always treat every firearm as if it is loaded, even if you believe it to be unloaded.
- Be aware of your surroundings and ensure a safe shooting environment.
- Regularly inspect the rifle scope for any signs of damage or wear. If any issues are found, discontinue use immediately.

## Specific Safety Precautions for Use

- **Eye Protection:** Always wear appropriate eye protection while using the rifle scope.
- **Magnification Use:** Be cautious when adjusting the magnification settings to avoid sudden changes in the field of view.
- **Lighting Conditions:** Use the illuminated reticle feature wisely, especially in lowlight conditions, to enhance visibility without compromising safety.
- **Weather Conditions:** Avoid using the rifle scope in extreme weather conditions that may impair visibility or performance.
- **Secure Storage:** When not in use, store the rifle scope in a secure, dry location to prevent damage and unauthorized access.

## Instructions for Installation and Usage

### 1. Mounting the Scope:

- Ensure the rifle is unloaded before beginning the installation.
- Select a suitable mounting location on the rifle.
- Attach the scope rings to the main tube of the rifle scope.
- Securely mount the scope onto the rifle's Picatinny or Weaver rail using the provided mounting hardware.
- Tighten the mounting screws evenly to avoid misalignment.

### 2. Adjusting the Scope:

- Turn the magnification ring to set the desired level of magnification (1x to 8x).
- Use the elevation and windage turrets to zero the scope according to your shooting preferences.
- Make adjustments in small increments and recheck the zeroing after each adjustment.

### 3. Using the Illuminated Reticle:

- To activate the illumination feature, locate the illumination control knob.
- Turn the knob to select the desired brightness level for the reticle.
- Ensure that the illumination is turned off when not in use to conserve battery life.

#### **4. Maintaining the Scope:**

- Clean the lenses with a soft, lintfree cloth to remove dust and fingerprints.
- Avoid using harsh chemicals that may damage the lens coatings.
- Regularly check the scope for any signs of moisture or fogging, indicating potential damage.

## **Disposal Instructions**

- When disposing of the rifle scope or its components, follow local regulations for electronic waste and hazardous materials.
- Remove batteries from the illuminated reticle before disposal and recycle them according to local guidelines.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and usage of the Match Precision Optic (MPO) 18X24MM SFP Illuminated Rifle Scope, please refer to the contact information provided on the product packaging or visit the manufacturer's website for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Match Precision Optic (MPO) 18X24MM SFP Illuminated Rifle Scope. Always prioritize safety and responsible usage. Thank you for your attention to these important guidelines.
