

90° MUZZLE FACING CUTTER & STEEL PILOT - BROWNELLS 90° CUTTER & STEEL PILOT FITS .22 RF MUZZLE (.213)

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Face Off & Square Up Rifle & Handgun Muzzles

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

90\ Cutter & Steel Pilot fits .22 RF Muzzle (.213")

Safety Instruction Guide for 90° Muzzle Facing Cutter & Steel Pilot

Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot. This tool is designed to assist you in achieving precise muzzle cuts for .22 RF firearms. To ensure safe and effective use of this product, please read the following safety instructions carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the tool out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the cutter.
- Inspect the tool for any damage or wear before each use. Do not use if damaged.
- Store the tool in a safe and dry location to prevent rust and deterioration.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always operate the cutter in a wellventilated area to avoid inhaling any debris.
- Avoid wearing loose clothing or jewelry that could get caught in the tool.
- Use the cutter only on stable surfaces to prevent slips or accidents.
- Do not exceed the recommended diameter specifications for the cutter to avoid tool failure.
- Be cautious of sharp edges and points; handle with care to avoid cuts or injuries.
- Ensure that the cutter is properly secured before use to prevent movement during operation.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary materials including the cutter, steel pilot, and any required PPE.
- Choose a stable, flat surface for operation.

2. Installation of Steel Pilot

- Insert the steel pilot into the designated slot of the cutter.
- Ensure that the pilot is securely fastened and does not move.

3. Using the Cutter

- Position the cutter at a 90degree angle to the muzzle of the firearm.
- Apply gentle and even pressure while cutting to achieve a smooth finish.
- Do not force the cutter; let the tool do the work.
- Periodically check the depth of the cut to ensure it meets your specifications.

4. PostUse Care

- Clean the cutter and pilot after each use to remove any debris or residue.
- Inspect the tool for any signs of damage and address any issues before the next use.
- Store the cutter in its polypropylene box to protect it from damage.

Disposal Instructions

- Dispose of any damaged or worn tools in accordance with local regulations.
- Do not dispose of the cutter or pilot in regular household waste if they are still usable; consider donating or recycling where possible.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the 90° Muzzle Facing Cutter & Steel Pilot, please consult the manufacturer's customer support resources or refer to the product packaging for additional information.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using your new tool responsibly.
