

90° MUZZLE FACING CUTTER & STEEL PILOT - 90° CUTTER & STEEL PILOT FITS .257 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Face Off & Square Up Rifle & Handgun Muzzles

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

90° MUZZLE FACING CUTTER & STEEL PILOT Safety Instruction Guide

Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot. This tool is designed to square a muzzle after shortening and to repair dings and damage. Please read this safety instruction guide carefully to ensure safe and effective use of the product. Adhering to the guidelines will help you avoid potential hazards and enhance your overall experience.

General Safety Guidelines

- Always read the instruction manual before using the tool.
- Ensure that the tool is used in a welllit and safe environment.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use to ensure it is in good condition.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, during operation.
- Be aware of your surroundings and maintain a stable stance while using the tool.
- Do not use the tool for any purpose other than its intended use.

Specific Safety Precautions for Use

- **Hazardous Edges:** The cutting edges of the tool are sharp. Handle with care to avoid cuts or injuries.
- **Alignment:** Ensure the pilot is properly aligned before use to prevent accidents or damage to the tool.
- **Force:** Do not apply excessive force when using the cutter. Let the tool do the work to avoid breakage or injury.
- **Storage:** Store the tool in a secure location when not in use, preferably in its original polypropylene box.
- **Maintenance:** Regularly clean and maintain the tool to ensure optimal performance and safety.

Instructions for Installation and Usage

1. Preparation:

- Ensure the work area is clean and free from obstructions.
- Gather all necessary materials, including the cutter, handle, and pilot.

2. Installation:

- Attach the pilot to the cutter securely.
- If using a different caliber pilot, ensure it is compatible with the cutter.

3. Usage:

- Position the cutter at a 90° angle to the muzzle.
- Gently apply pressure while turning the cutter to achieve a smooth surface.
- Check the progress frequently to ensure proper alignment and avoid overcutting.

4. Finishing:

- Once the desired finish is achieved, carefully remove the cutter from the muzzle.
- Clean the tool after use to prevent residue buildup.

Disposal Instructions

- Dispose of the tool responsibly according to local regulations.
- Do not dispose of the tool in regular household waste.
- If the tool is damaged beyond repair, consider recycling the metal components where possible.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's contact details provided in the product packaging or on the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with the 90° Muzzle Facing Cutter & Steel Pilot. Thank you for your attention to these important guidelines.
