

90° MUZZLE FACING CUTTER & STEEL PILOT - 90° CUTTER & STEEL PILOT FITS .32-20 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Face Off & Square Up Rifle & Handgun Muzzles

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 90° Muzzle Facing Cutter & Steel Pilot

Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot. This tool is designed for safely squaring muzzles after shortening or for repairing dings and damage. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Inspect the cutter and pilot for any damage before each use. Do not use if damaged.
- Keep the tool out of reach of children and vulnerable individuals.
- Ensure that the workspace is clean and free of any hazards before using the cutter.
- Wear appropriate personal protective equipment (PPE), including safety goggles and gloves, while using the tool.
- Familiarize yourself with the tool's components and their functions before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure the cutter is securely attached to the handle before use.
- Use the cutter only on materials it is designed for; do not attempt to cut materials that exceed its specifications.
- Avoid excessive force while using the cutter to prevent slips and injuries.
- Always cut away from your body to minimize the risk of injury.
- Do not leave the tool unattended while in use.
- Store the cutter and pilot in a safe place, preferably in the provided polypropylene box.
- Be cautious of sharp edges when handling the cutter and pilot.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have all necessary components: the cutter, handle, and pilot.
- Choose the appropriate pilot for the caliber you are working with.

2. Installation:

- Attach the pilot to the cutter securely.
- Insert the cutter into the handle until it clicks into place.

3. Usage:

- Position the muzzle securely in a vice or stable work surface.
- Align the cutter with the muzzle at a 90° angle.
- Apply even pressure while turning the handle to engage the cutter.
- Check the progress frequently to avoid overcutting.
- Once complete, remove the cutter and pilot carefully.

4. Postusage:

- Clean the cutter and pilot after use to remove any debris.
- Store the tool in the polypropylene box to protect it from damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the cutter or pilot in regular household waste if they are damaged.
- Consider recycling metal components where facilities are available.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. Your safety is our priority, and we wish you successful and safe use of the 90° Muzzle Facing Cutter & Steel Pilot.
