

## **90° MUZZLE FACING CUTTER & STEEL PILOT - 90° CUTTER & STEEL PILOT FITS .375 MUZZLE**

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Face Off & Square Up Rifle & Handgun Muzzles**

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 90° MUZZLE FACING CUTTER & STEEL PILOT

## Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot. This tool is designed for safely squaring off muzzles after shortening and for repairing dings and damage. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product as intended and according to the instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the tool before each use to ensure it is in good condition.
- Do not use the product if it appears damaged or worn.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, while using the cutter.
- Ensure that your workspace is clean, dry, and welllit to avoid accidents.
- Be aware of your surroundings and ensure that no one is in the immediate area while using the tool.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Handle the cutter carefully to avoid cuts or injuries.
- Ensure the pilot is securely attached before use to prevent it from detaching during operation.
- Do not apply excessive force while cutting; let the tool do the work.
- Keep hands and fingers clear of the cutting area at all times.
- Do not modify the tool in any way, as this may compromise safety.
- Store the cutter and pilots in the provided polypropylene box when not in use to prevent damage and ensure safety.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials, including the cutter, handle, and pilot.
- Ensure you have a clean, stable workspace.

### 2. Attaching the Pilot:

- Select the appropriate pilot for your caliber.
- Align the pilot with the cutter and securely attach it according to the manufacturer's instructions.

### 3. Using the Cutter:

- Position the muzzle securely in a vise or similar fixture to prevent movement.
- Hold the cutter by the handle and align it with the muzzle.
- Apply gentle, even pressure while cutting, allowing the tool to do the work.
- After use, carefully remove the cutter from the muzzle.

### 4. Maintenance:

- Clean the cutter and pilot after each use to prevent rust and ensure longevity.

- Store the tool in its designated box to protect it from damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- If the product is no longer usable, consider recycling components where possible.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the 90° Muzzle Facing Cutter & Steel Pilot, please refer to the manufacturer's contact information provided with your product.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your muzzle facing cutter.
