

## **90° MUZZLE FACING CUTTER & STEEL PILOT - 90° CUTTER & STEEL PILOT FITS .45 MUZZLE**

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

### **Face Off & Square Up Rifle & Handgun Muzzles**

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for 90° Muzzle Facing Cutter & Steel Pilot

## Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Steel Pilot. This tool is designed to assist in the facing of muzzles after shortening and for repairing dings and damages. To ensure your safety and the effective use of this product, please read and follow the instructions and safety guidelines provided in this manual.

## General Safety Guidelines

- Ensure that you are familiar with the tool and its components before use.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using this tool.
- Keep the tool out of reach of children and unauthorized users.
- Inspect the tool regularly for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations concerning the use of tools and firearms.
- In the event of an accident or unsafe condition, report it to the relevant authorities.

## Specific Safety Precautions for Use

- Always use the cutter in a welllit area to ensure visibility.
- Do not apply excessive force when using the cutter; let the tool do the work.
- Ensure that the cutter is securely attached to the handle before use.
- Avoid direct contact with the cutting edge to prevent cuts or injuries.
- Do not use the tool for purposes other than those intended.
- Store the tool in its polypropylene box when not in use to prevent damage and ensure safety.

## Instructions for Installation and Usage

### 1. Assembly of the Tool:

- Remove the cutter and pilot from the polypropylene box.
- Insert the pilot into the cutter, ensuring it is properly aligned.
- Attach the handle to the cutter securely.

### 2. Using the Muzzle Facing Cutter:

- Place the muzzle securely in a vice or on a stable surface.
- Align the cutter with the muzzle, ensuring it is at a 90° angle.
- Gently rotate the handle to begin the cutting process. Apply consistent, even pressure.
- Periodically check the muzzle to ensure the cut is even and to avoid overcutting.

### 3. PostUse Care:

- After use, clean the cutter and pilot to remove any debris.
- Store the tool in the provided polypropylene box to protect it from damage.

## Disposal Instructions

- Dispose of the tool in accordance with local regulations.
- Do not dispose of the tool in regular household waste. Check for local recycling programs for metal tools.
- Ensure that the tool is rendered unusable before disposal to prevent accidents.

## Contact Information for Further Support

For any safety inquiries or further support regarding the 90° Muzzle Facing Cutter & Steel Pilot, please reach out to the designated EU contact point for assistance.

By following these guidelines, you can ensure a safe and effective experience with your 90° Muzzle Facing Cutter & Steel Pilot. Thank you for your attention to safety.
