

# STEEL ONE CALIBER SETS - BROWNELLS STEEL ONE CALIBER SET FITS 7MM MUZZLE

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

## **Square Up & Chamfer Rifle & Handgun Muzzles - Steel Bore Pilot**

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one steel bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

# Safety Instruction Guide for STEEL ONE CALIBER SETS

## Introduction

Thank you for choosing the STEEL ONE CALIBER SET. This product is designed to assist in muzzle facing and chamfering for various calibers, specifically for 7mm. To ensure safe and effective use, please read this safety instruction guide carefully. It provides essential information regarding product safety, usage precautions, installation, and disposal.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Ensure a clean and welllit workspace to avoid accidents.
- Do not modify or alter the product in any way.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Sharp cutters can cause cuts or lacerations. Handle with care.
- The product includes small parts (pilots) that pose a choking hazard if swallowed.

- **Before Use:**

- Ensure that the cutters are securely attached to the handle before use.
- Check that the pilot is properly aligned with the cutter.

- **During Use:**

- Always cut away from your body to minimize the risk of injury.
- Do not apply excessive force; let the cutter do the work.
- Maintain a firm grip on the handle to ensure control during operation.

- **After Use:**

- Clean the cutters and handle after each use to prevent rust and maintain functionality.
- Store the product in a safe location, preferably in its original packaging or a designated storage box.

## Instructions for Installation and Usage

1. **Assemble the Cutter:**

- Select the appropriate cutter (90° facing cutter or 45° chamfering cutter) based on your needs.
- Attach the chosen cutter to the handle by screwing it securely into place.

2. **Select the Pilot:**

- Choose the correct pilot for the caliber you are working with (e.g., .284/7 mm).
- Insert the pilot into the cutter, ensuring it is properly aligned and secured.

### **3. Performing the Cut:**

- Position the muzzle securely on a stable surface.
- With the cutter in hand, carefully approach the muzzle at the desired angle.
- Apply gentle pressure and rotate the cutter to achieve a clean cut or chamfer.

### **4. Finishing Up:**

- After completing the cut, remove the cutter and pilot from the muzzle.
- Clean any debris from the work area and inspect the cut for quality.

## **Disposal Instructions**

- Dispose of any damaged or wornout parts according to local regulations.
- Do not dispose of the product in household waste. Check for designated recycling centers for metal and plastic materials.
- Ensure that any small parts, such as pilots, are disposed of safely to prevent choking hazards.

## **Contact Information for Further Support**

For any inquiries regarding the STEEL ONE CALIBER SET, please reach out to the appropriate contact point in your region. Ensure that you have the product details at hand for an efficient response.

Thank you for your attention to these safety instructions. Your safety is our priority, and following these guidelines will help ensure a successful and safe experience with your STEEL ONE CALIBER SET.
