

STEEL ONE CALIBER SETS - STEEL ONE CALIBER SET FITS .17 CF MUZZLE (.165")

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle & Handgun Muzzles - Steel Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one steel bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for STEEL ONE CALIBER SETS

Introduction

Thank you for purchasing the STEEL ONE CALIBER SET. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any signs of damage before use. Do not use if damaged.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the product.
- Follow local laws and regulations regarding the use of tools and equipment.

Specific Safety Precautions for Use

- **Handling Cutters:**
 - Always handle the cutters with care to avoid cuts or injuries.
 - Use the cutters only with the designated handle.
- **Using the Chamfer Cutter:**
 - Ensure the cutter is securely attached to the handle before use.
 - Do not apply excessive force while using the chamfer cutter.
- **Using the Facing Cutter:**
 - Ensure the facing cutter is properly aligned with the muzzle.
 - Avoid using the facing cutter on materials other than specified.
- **Using the Pilot:**
 - Ensure the pilot is compatible with the cutter being used.
 - Replace the pilot if it shows signs of wear or damage.

Instructions for Installation and Usage

1. Setup:

- Select the appropriate cutter based on your needs (facing cutter or chamfer cutter).
- Attach the cutter securely to the handle.
- Insert the pilot into the cutter to ensure proper alignment.

2. Using the Facing Cutter:

- Align the cutter with the muzzle of the firearm.
- Turn the handle clockwise to square the muzzle.
- Check for a clean cut and repeat if necessary.

3. Using the Chamfer Cutter:

- Position the chamfer cutter at a 45degree angle to the edge of the rifling.
- Gently rotate the cutter to break the edges for a clean bullet exit.
- If working on a revolver cylinder, chamfer the mouth for quick reloads.

4. PostUse:

- Clean the cutters and handle after use to prevent rust and damage.
- Store the product in a safe, dry place away from children.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the EU contact point or your local regulatory authority. Always check for the latest updates regarding product safety and recalls.

By following these safety instructions, you can ensure a safe and effective experience with the STEEL ONE CALIBER SET. Thank you for prioritizing safety.
