

STEEL ONE CALIBER SETS - BROWNELLS STEEL ONE CALIBER SET FITS .17 HMR MUZZLE (.166")

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle & Handgun Muzzles - Steel Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one steel bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for STEEL ONE CALIBER SETS BROWNELLS STEEL ONE CALIBER SET FITS .17 HMR MUZZLE (.166")

Introduction

Thank you for choosing the STEEL ONE CALIBER SET. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read and understand all safety guidelines and instructions before using the product.

General Safety Guidelines

- Ensure that all safety precautions are followed to prevent accidents and injuries.
- Always use the product in a wellventilated area to avoid inhaling any dust or debris.
- Keep the product out of reach of children and vulnerable individuals to prevent misuse.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any damage, do not use the product and contact customer support for assistance.
- Follow all local regulations and laws regarding the use of firearms and related accessories.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the cutters.
- Ensure that the muzzle is securely held in place before using the cutter to prevent slipping or movement.
- Do not apply excessive force when using the cutter; let the tool do the work.
- Use the cutter only for the specified calibers to avoid damaging the tool or the firearm.
- Keep hands and other body parts away from the cutting area to prevent injury.
- Use caution when handling sharp tools and store them in a safe location when not in use.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials, including the cutter, handle, and pilot.
- Ensure that the work area is clean and welllit.

2. Fitting the Cutter

- Select the appropriate cutter based on the task (facing or chamfering).
- Attach the cutter to the handle securely.
- Insert the pilot into the cutter to ensure proper alignment.

3. Using the Facing Cutter

- Position the muzzle securely on a stable surface.
- Align the cutter with the muzzle and apply gentle pressure.
- Rotate the cutter in a clockwise direction until the muzzle is squared off.

4. Using the Chamfer Cutter

- Position the muzzle securely on a stable surface.
- Align the chamfer cutter with the edge of the rifling.

- Apply gentle pressure and rotate the cutter to break the edges for a clean bullet exit.

5. Finishing Up

- After use, carefully remove the cutter and pilot from the muzzle.
- Clean the tools to remove any debris and store them in the provided polypropylene box.

Disposal Instructions

- Dispose of any damaged or wornout tools in accordance with local regulations.
- Do not dispose of tools in regular household waste. Instead, consider recycling if possible.
- Ensure that all sharp edges are safely covered or enclosed to prevent injury during disposal.

Contact Information for Further Support

For any questions or concerns regarding the STEEL ONE CALIBER SET, please consult the packaging for contact details of the manufacturer or authorized distributors. Always refer to the official website for the latest updates and safety information.

By following these instructions and guidelines, you can ensure a safe and effective experience while using the STEEL ONE CALIBER SET. Thank you for your attention to safety.
