

STEEL ONE CALIBER SETS - STEEL ONE CALIBER SET FITS .35 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle & Handgun Muzzles - Steel Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one steel bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for STEEL ONE CALIBER SETS

Introduction

Thank you for choosing the STEEL ONE CALIBER SETS. This product is designed for precision muzzle work, including squaring and chamfering. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide. Your safety is our priority.

General Safety Guidelines

- Ensure that all tools are used in accordance with the manufacturer's instructions.
- Always inspect tools for damage before use. Do not use damaged tools.
- Keep tools out of reach of children and vulnerable individuals.
- Use personal protective equipment (PPE) such as safety glasses and gloves when using this product.
- Be aware of your surroundings and ensure that others are at a safe distance while you are working.
- Follow all local regulations regarding the use of firearms and related tools.

Specific Safety Precautions for Use

- **Cutting Tools:** The facing cutter and chamfer cutter are sharp. Handle with care to avoid cuts or injuries.
- **Alignment:** Ensure that the interchangeable pilot is properly aligned before use to avoid accidents.
- **Work Area:** Use the product in a clean, dry, and welllit area to minimize risks.
- **Ventilation:** Ensure adequate ventilation when using this product to avoid inhaling metal shavings or dust.
- **Storage:** Store the tool set in its original packaging or a secure location to prevent accidental injury.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and PPE.
- Ensure that the work area is clear of obstructions and hazards.

2. Using the Facing Cutter:

- Attach the facing cutter to the handle.
- Align the cutter with the muzzle of the firearm.
- Apply steady pressure while cutting to achieve a clean square edge.

3. Using the Chamfer Cutter:

- Attach the chamfer cutter to the handle.
- Position the cutter at the desired angle to the edge of the rifling.
- Rotate the cutter gently to break the edges for a clean bullet exit.

4. Interchangeable Pilot:

- Select the appropriate pilot for your caliber.
- Insert the pilot into the cutter and ensure it is securely fastened.

5. PostUse:

- Clean all tools after use to remove metal shavings and debris.

- Store tools in a safe place, away from children.

Disposal Instructions

- Dispose of any damaged tools or components in accordance with local regulations.
- Recycle any metal parts where possible.

Contact Information for Further Support

For any safety inquiries or support, please contact your local authorized dealer or refer to the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with the STEEL ONE CALIBER SETS. Always prioritize safety and report any unsafe conditions or incidents to the appropriate authorities. Thank you for your attention to these important guidelines.
