

STEEL ONE CALIBER SETS - BROWNELLS STEEL ONE CALIBER SET FITS .38/.357 MUZZLE

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle & Handgun Muzzles - Steel Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one steel bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

STEEL ONE CALIBER SETS BROWNELLS STEEL ONE CALIBER SET FITS .38/.357 MUZZLE Safety Instruction Guide

Introduction

Thank you for choosing the STEEL ONE CALIBER SETS BROWNELLS STEEL ONE CALIBER SET. This product is designed for precision muzzle work on .38/.357 caliber firearms. To ensure your safety and the safety of others, please read and follow this safety instruction guide carefully.

General Safety Guidelines

- Always handle tools and equipment with care to prevent accidents.
- Ensure that the work area is clean and welllit.
- Keep this product out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while using this product.
- Do not use this product for purposes other than those intended.
- Regularly inspect the tools for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and the muzzle is clear of obstructions before beginning any work.
- Use the facing cutter only on appropriate materials and avoid excessive force that may cause tool failure.
- When using the chamfering cutter, maintain a steady hand to prevent slips that could lead to injury.
- Always use the handle provided to ensure a secure grip on the cutters.
- Store the product in a safe place when not in use to prevent accidents.

Instructions for Installation and Usage

1. Preparation:

- Verify that the firearm is unloaded and the work area is clear.
- Gather all necessary tools and materials.

2. Using the Facing Cutter:

- Attach the facing cutter to the handle.
- Align the cutter with the muzzle and apply gentle pressure to square the muzzle.
- Rotate the cutter slowly and evenly to achieve a clean cut.

3. Using the Chamfering Cutter:

- Replace the facing cutter with the chamfering cutter on the handle.
- Position the cutter at a 45degree angle to the edge of the rifling or revolver cylinder mouth.
- Apply light pressure and rotate the cutter to break the edges for a smooth finish.

4. Pilot Usage:

- Use the interchangeable pilot to keep the cutter properly aligned.
- Purchase additional pilots for different calibers if necessary.

5. **PostUsage:**

- Clean the tools after use to maintain their condition.
- Store the tools in the provided polypropylene box to prevent damage.

Disposal Instructions

- Dispose of any damaged or unusable tools in accordance with local regulations.
- Recycle materials where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the contact information provided with your product packaging.

Thank you for your attention to safety while using the STEEL ONE CALIBER SETS BROWNELLS STEEL ONE CALIBER SET. Your adherence to these guidelines helps ensure a safe and effective experience.
