

STEEL ONE CALIBER SETS - STEEL ONE CALIBER SET FITS .38-40 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle & Handgun Muzzles - Steel Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one steel bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for STEEL ONE CALIBER SETS

Introduction

Thank you for choosing the STEEL ONE CALIBER SETS. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the cutters.
- Inspect the product for any damage before use. Do not use if damaged.
- Follow all local regulations regarding the use and handling of tools and equipment.

Specific Safety Precautions for Use

- **Cutting Tools:**
 - The cutters are sharp. Handle with care to avoid cuts or injuries.
 - Do not apply excessive force when using the cutters to prevent breakage.
- **Alignment:**
 - Ensure the pilot is properly aligned with the cutter before use to avoid accidents.
- **Work Area:**
 - Use the product in a clean, welllit area to reduce the risk of accidents.
 - Keep the work area free of distractions and clutter.
- **Storage:**
 - Store the product in a secure place when not in use to prevent unauthorized access.
 - Ensure that the cutters are stored in their protective case to avoid injury.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure the work area is clean and welllit.

2. Installing the Cutter:

- Select the appropriate cutter for your caliber.
- Attach the cutter to the handle securely.
- Insert the steel bore pilot into the cutter to ensure proper alignment.

3. Using the Cutter:

- Position the muzzle or cylinder securely.
- Hold the handle firmly and apply even pressure while cutting.
- For chamfering, use the 45° cutter to break the edges of the rifling or cylinder mouth.

4. After Use:

- Clean the cutters and handle after use to remove any debris.
- Store the product in the provided polypropylene box to protect it from damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, contact your local waste management authority for proper disposal instructions.

Contact Information for Further Support

For any safety inquiries or concerns regarding the STEEL ONE CALIBER SETS, please refer to the contact details provided with your product packaging or visit the manufacturer's website for additional support.

By following these safety instructions, you can ensure a safe and effective experience with the STEEL ONE CALIBER SETS. Thank you for your attention to safety and for choosing our product.
