

STEEL ONE CALIBER SETS - STEEL ONE CALIBER SET FITS .458/.45-70 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Square Up & Chamfer Rifle & Handgun Muzzles - Steel Bore Pilot

Set includes: one, 90° facing cutter to square a muzzle after shortening, or repair damage; one, 45° chamfering cutter to break the edges of the rifling for a clean bullet exit or chamfer a revolver cylinder mouth for quick reloads; plus one handle that fits either cutter and one steel bore pilot. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for STEEL ONE CALIBER SETS

Introduction

Thank you for choosing the STEEL ONE CALIBER SETS. This guide provides essential safety information and instructions for the safe use of this product. Please read this manual carefully before using the product to ensure safe operation and maintenance.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure the work area is clean, welllit, and free of distractions.
- Store the product in a dry and secure location, out of reach of children.
- Inspect the product for any damage before use. Do not use if damaged.
- Use personal protective equipment, such as safety glasses and gloves, to protect against potential hazards.
- Be aware of your surroundings and ensure no one is in close proximity while using the product.
- Follow all local regulations and guidelines regarding the use of tools and equipment.

Specific Safety Precautions for Use

- Use the facing cutter and chamfer cutter only for their intended purposes.
- Ensure that the cutter is securely attached to the handle before use.
- Avoid excessive force when using the cutters to prevent breakage or injury.
- Do not attempt to modify or alter the product in any way.
- Keep hands and fingers away from the cutting edges during use.
- If you experience any discomfort or difficulty while using the product, stop immediately and seek assistance.
- Ensure that all pilots are compatible with the cutters being used.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure the work surface is stable and secure.

2. Installing the Cutter:

- Select the appropriate cutter for your task (facing cutter or chamfer cutter).
- Align the cutter with the handle and insert it securely.
- Ensure the cutter is locked in place before proceeding.

3. Using the Cutter:

- For the facing cutter:
 - Position the muzzle securely in a vice or stable fixture.
 - Use the cutter to square the muzzle after shortening or repairing damage.
- For the chamfer cutter:
 - Use the cutter to break the edges of the rifling for clean bullet exit.
 - Chamfer the revolver cylinder mouth for quick reloads.

4. After Use:

- Clean the cutters and handle thoroughly after each use.
- Store the product in its original packaging or a safe location to prevent damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For safety inquiries or additional support, please consult the manufacturer or authorized dealer. Ensure you have the product details on hand for reference.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your STEEL ONE CALIBER SETS. Thank you for your attention to safety!
