

REVOLVER RANGE RODS - BROWNELLS REVOLVER RANGE ROD COMBO FOR .22 MAGNUM

[Gunsmith Tools](#) > [Handgun Tools](#) > [Alignment Tools](#) > [Range Rods](#)

Tells Instantly If Barrel & Cylinder Are In Perfect Alignment-Match & Service Grade Available

Lets you know instantly if a revolver barrel and cylinder are in perfect alignment and if cylinder crane or yoke has been sprung, thus throwing axis of each out of line with axis of barrel bore . . . for timing - "accuracy jobs" . . . locating cause of lead splatter . . . professional service inspections. An excellent tool to use when demonstrating to a customer "why"! The handle with knurled grip end is threaded to take any of the interchangeable heads, with sizes carefully selected to indicate very small misalignments. The .38 caliber heads are available in two diameters, one for Match guns that must be dead on for best performance and one for Service guns which aren't always thoroughly clean and don't have to meet quite as fine an accuracy standard. And, there's a special head for the S&W K-22 which has a slightly undersized bore.

Attributes

Safety Instruction Guide for REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD COMBO FOR .22 MAGNUM

Introduction

Thank you for choosing the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD COMBO FOR .22 MAGNUM. This product is designed to help you ensure the alignment of revolver barrels and cylinders, enhancing your accuracy and performance. Please read this safety instruction guide carefully to ensure the safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always wear appropriate safety gear, including eye protection, when using the range rods.
- Keep the range rods out of reach of children and vulnerable individuals.
- Regularly inspect the range rods for any signs of wear or damage before each use.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Handle the range rods with care to avoid injury.
- Do not use the range rods on firearms that are loaded or not in a safe condition.
- Ensure that the revolver is pointed in a safe direction at all times during use.
- Be cautious of the potential for lead exposure when using the product, particularly when inspecting for lead splatter.
- Follow all local laws and regulations regarding firearm maintenance and inspections.

Instructions for Installation and Usage

1. Preparation for Use:

- Ensure the revolver is unloaded and in a safe condition.
- Gather all necessary components from the combo kit, including the handle and interchangeable heads.

2. Interchanging Heads:

- Select the appropriate head for your specific revolver caliber.
- Thread the chosen head onto the handle securely.

3. Alignment Check:

- Insert the range rod into the revolver barrel.
- Observe the alignment between the barrel and cylinder.
- If misalignment is detected, further inspection may be necessary to determine the cause.

4. PostUse Care:

- After use, carefully remove the range rod and head.
- Clean the range rods as necessary to remove any debris or lead residue.
- Store the range rods in the provided fitted storage box to protect them from damage.

Disposal Instructions

- Dispose of any damaged or worn range rods in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Check with local authorities for specific disposal guidelines related to firearm maintenance products.

Contact Information for Further Support

For any inquiries regarding the use and safety of the REVOLVER RANGE RODS BROWNELLS REVOLVER RANGE ROD COMBO FOR .22 MAGNUM, please reach out to the manufacturer or retailer from whom you purchased the product. They will provide the necessary assistance and information.
