# Safety Instruction Guide for 1911 TiNCoated Torx & Allen Head Grip Screws

## Introduction

Thank you for choosing the 1911 TiNCoated Torx & Allen Head Grip Screws by Brownells. This guide provides essential safety information and instructions to ensure safe use and installation of your grip screws. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure the product is suitable for your specific model of 1911 Auto (Government, Commander, Officers) before installation.
- Inspect the grip screws for any visible damage or defects before use.
- Keep the grip screws out of reach of children and pets to prevent accidental ingestion or injury.
- Always use the correct tool (Allen or Torx) to avoid stripping or damaging the screw heads.
- Do not exceed the recommended torque specifications during installation to prevent damage to the grip panels or screws.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Stripped screw heads if improper tools are used.
- Damage to grip panels if screws are overtightened.
- Risk of injury from sharp edges on screws.

### • Avoiding Hazards:

- Always use the provided wrench to install screws.
- Tighten screws gradually and evenly to avoid stress on the grip.
- Regularly check screws for tightness after installation and during use.

### • Age Specific Warnings:

- This product is not intended for use by individuals under the age of 18 without adult supervision.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools: the provided wrench and either an Allen or Torx tool.

### 2. Installation Steps:

- Remove the existing grip screws using the appropriate tool.
- Align the new grip screws with the holes in the grip panels.
- Insert the screws and handtighten them to ensure proper alignment.
- Using the provided wrench, tighten each screw gradually, ensuring they are secure but not overtightened.
- Check the alignment of the grip panels after installation.

### **3. PostInstallation Care:**

- After installation, inspect the screws and grip panels to ensure there is no visible damage.
- Periodically check the screws for tightness, especially after extensive use.

## **Disposal Instructions**

- Dispose of any damaged or unused screws in accordance with local regulations.
- Do not dispose of screws in regular household waste; consider recycling options if available.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding this product, please refer to the manufacturer's contact information provided with your purchase. Ensure you have your product details handy for efficient assistance.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your enhanced 1911 Auto with the new grip screws!
