Safety Instruction Guide for 1911 TiNCoated Torx & Allen Head Grip Screws

Introduction

Thank you for choosing the 1911 TiNCoated Torx & Allen Head Grip Screws. This product is designed to enhance the aesthetic and functional aspects of your 1911 Auto grip panels. To ensure your safety and optimal use of this product, please read and follow the guidelines provided in this document.

General Safety Guidelines

- Ensure that you are using the screws with compatible 1911 models: Government, Commander, and Officers.
- Always check the screws for damage or wear before installation.
- Keep the screws out of reach of children and pets.
- If you notice any irregularities during installation or use, discontinue use immediately and consult a qualified professional.

Specific Safety Precautions for Use

- Use the correct wrench (included) to avoid stripping the screw heads.
- Do not overtighten the screws, as this may damage the grip panels or the screws themselves.
- Inspect the grip panels and screws regularly to ensure they are secure and in good condition.
- If using power tools for installation, ensure they are set to a low torque setting to prevent damage.

Instructions for Installation and Usage

1. **Preparation** a. Gather all necessary tools, including the included wrench. b. Ensure that the workspace is clean and free of distractions.
2. **Installation** a. Remove the existing grip screws from your 1911 model using the appropriate tool. b. Align the new TiNcoated screws with the grip panel holes. c. Insert the screws and handtighten them to ensure proper alignment. d. Using the included wrench, tighten each screw gradually, alternating between screws to ensure even pressure. e. Do not exceed the recommended torque to avoid damaging the screws or grip panels.
3. **PostInstallation Check** a. After installation, check that all screws are securely fastened. b. Test the grip panels to ensure they are stable and properly aligned.

Disposal Instructions

- Dispose of any old screws and packaging materials in accordance with local regulations.
- Do not dispose of screws in regular household waste if they are deemed hazardous. Check local guidelines for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the product, please contact the manufacturer or your local authorized dealer for assistance.

Conclusion

Your safety and satisfaction are our top priorities. By following these guidelines, you can ensure that your 1911 TiNCoated Torx & Allen Head Grip Screws are used safely and effectively. Thank you for your purchase, and enjoy your enhanced grip experience!
