

# RIFLED SHOTGUN MUZZLE FACING PILOTS - MUZZLE FACING BARREL PILOT, RIFLED SHOTGUN, 20 GAUGE, .609"

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Chamfering Tool Pilots](#)

## Safe Muzzle Touch-Up For Rifled Slug Barrels

Polished brass pilots turned to uniform concentricity make it easy to cleanup and square-off dinged or re-cut muzzles on 12 and 20 gauge, rifled slug barrels without damaging the lands and grooves. Use with Brownells 1" Diameter, 90°, Muzzle Facing Cutter for best results. Measure bore I.D. between tops of lands to determine closest pilot listed for your barrel. If your barrel's diameter isn't listed, select the closest, smaller size. Available in three diameters for 12 and 20 gauge, rifled slug barrels.

# RIFLED SHOTGUN MUZZLE FACING PILOTS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the RIFLED SHOTGUN MUZZLE FACING PILOTS. This product is designed to assist in the maintenance of rifled shotgun barrels, ensuring safe and effective use. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always inspect the product for any damage before use.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Regularly check for product recall updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using this product.
- Do not exceed the recommended bore diameter for the selected pilot.
- Ensure that the shotgun is unloaded and pointed in a safe direction before using the muzzle facing pilots.
- Avoid using the product in wet or damp conditions to prevent slips or accidents.
- Be cautious while handling sharp tools associated with the muzzle facing cutter.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the shotgun is unloaded.
- Clean the muzzle area to remove any debris or obstructions.

### 2. Selecting the Pilot:

- Measure the bore inner diameter (I.D.) between the tops of the lands.
- Choose the pilot that closely matches your barrel's diameter. If your barrel's diameter isn't listed, select the closest smaller size.

### 3. Using the Muzzle Facing Cutter:

- Attach the selected pilot to the Brownells Muzzle Facing Cutter.
- Ensure the pilot is securely fastened before proceeding.

### 4. Facing the Muzzle:

- Position the cutter at the muzzle and apply gentle pressure.
- Rotate the cutter slowly to achieve a uniform cut without damaging the lands and grooves.
- Periodically check the progress to ensure accuracy and evenness.

### 5. PostUse:

- Remove the pilot from the cutter and clean it after use.

- Store the pilots in a safe and dry location away from children.

## **Disposal Instructions**

- Dispose of any damaged or worn pilots responsibly according to local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs that accept metal products.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the RIFLED SHOTGUN MUZZLE FACING PILOTS, please consult the manufacturer's website or customer service. Ensure that you have the product details ready for reference.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your RIFLED SHOTGUN MUZZLE FACING PILOTS. Thank you for prioritizing safety!
