

90° MUZZLE FACING CUTTER & BRASS PILOT - BROWNELLS 90 DEGREE FACING CUTTER & BRASS PILOT FOR .416 MUZZLE

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Face Off & Square Up Rifle & Handgun Muzzles

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select following for other rifle/handgun muzzle, cylinder facing & chamfering tools.

Safety Instructions for 90° Muzzle Facing Cutter & Brass Pilot

Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Brass Pilot by Brownells. This tool is designed for safely and effectively squaring a muzzle after shortening or repairing dings and damage. Please read these safety instructions carefully to ensure proper use and maintenance of the product.

General Safety Guidelines

- Always read and understand the user manual before using the tool.
- Ensure that the tool is used only by individuals who are familiar with its operation.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the cutter and pilot for any signs of damage before each use.
- Use the tool only for its intended purpose, as described in this manual.
- Follow all local laws and regulations regarding the use of this tool.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the cutter.
- Ensure the work area is clean and free of obstructions to prevent accidents.
- Do not use the cutter on materials other than those specified in the product description.
- Avoid using excessive force when operating the cutter to prevent injury or damage to the tool.
- Do not attempt to modify the tool in any way.
- If the tool becomes damaged or malfunctions, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation

- Ensure you have all components: the cutter, handle, and pilot.
- Select the appropriate pilot for the caliber you are working with.

2. Assembly

- Attach the pilot securely to the cutter. Ensure it fits snugly and is properly aligned.
- Insert the cutter into the handle, ensuring it is locked in place.

3. Using the Cutter

- Position the cutter at a 90° angle to the muzzle.
- Apply gentle pressure and rotate the cutter to achieve a clean cut.
- Check the alignment frequently to ensure the cutter remains square to the muzzle.

4. PostUse Care

- Clean the cutter and pilot after use to remove any debris.
- Store the tool in its polypropylene box to protect it from damage.
- Regularly inspect the tool for wear and replace parts as necessary.

Disposal Instructions

- Dispose of the tool and any damaged components in accordance with local waste disposal regulations.
- Do not dispose of the cutter or pilot in regular household waste.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please consult your retailer or the manufacturer for assistance. Ensure that you have the product details available for reference.

Thank you for following these safety instructions. Proper use and care of the 90° Muzzle Facing Cutter & Brass Pilot will ensure its longevity and effectiveness.
