

90° MUZZLE FACING CUTTER & BRASS PILOT - 90 DEGREE FACING CUTTER & BRASS PILOT FOR .45 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Face Off & Square Up Rifle & Handgun Muzzles

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select following for other rifle/handgun muzzle, cylinder facing & chamfering tools.

Safety Instruction Guide for 90° Muzzle Facing Cutter & Brass Pilot

Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Brass Pilot. This tool is designed to help you square a muzzle after shortening or to repair dings and damage. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Product Safety:** This product is designed to be safe when used according to the instructions. Always follow all safety precautions.
- Enhanced Recalls:** In the unlikely event of a product recall, you will be informed through standardized notices. Ensure to stay updated with recall information.
- Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements just as physical stores do.
- Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point for this product.
- Rapid Alerts:** Stay informed about any updates on safety via the Safety Gate system.

Specific Safety Precautions for Use

- Personal Protective Equipment:** Always wear safety goggles and gloves when using the cutter to protect your eyes and hands.
- Work Area:** Ensure that your work area is clean, welllit, and free from distractions.
- Tool Condition:** Inspect the cutter and pilot for any signs of damage before use. Do not use if damaged.
- Proper Handling:** Always handle the cutter with care. Use the handle to maintain control and avoid accidents.
- Alignment:** Ensure that the pilot is properly aligned before cutting to prevent injury or damage to the tool.
- Cutting Technique:** Apply gentle, consistent pressure when using the cutter. Do not force the tool, as this may lead to accidents or tool damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the workpiece is securely clamped or held in place.
- Inspect the cutter, handle, and pilot for any damage.

2. Assembly:

- Attach the pilot to the cutter if not already attached. Ensure it is firmly secured.
- Insert the cutter into the workpiece at the desired angle.

3. Cutting:

- Start the cut slowly, maintaining control of the cutter.
- Use smooth, even strokes to achieve a clean cut.
- If resistance is felt, stop and check for alignment or obstructions.

4. Finishing Up:

- Once the cut is complete, carefully remove the cutter from the workpiece.
- Clean the cutter and pilot to remove any debris or residue.

5. Storage:

- Store the cutter, handle, and pilot in the provided polypropylene box to prevent damage.
- Keep the box in a safe and dry location, out of reach of children.

Disposal Instructions

- Dispose of the cutter, handle, and pilot according to local regulations for metal and plastic waste.
- Do not dispose of in regular household waste. Check with your local waste management authority for proper disposal methods.

Contact Information for Further Support

For safety inquiries or additional support regarding the 90° Muzzle Facing Cutter & Brass Pilot, please refer to the designated EU contact point for this product.

By following these guidelines, you can ensure a safe and effective experience with your 90° Muzzle Facing Cutter & Brass Pilot. Thank you for your attention to safety!
