# Safety Instruction Guide for 90° Muzzle Facing Cutter & Brass Pilot

## Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Brass Pilot. This tool is designed to enhance your firearm maintenance experience by providing a reliable method for muzzle facing. To ensure your safety and the effective use of this product, please read and follow the instructions and guidelines outlined in this manual.

## General Safety Guidelines

- Always use the product in accordance with the provided instructions.
- Keep the tool out of reach of children and unauthorized users.
- Inspect the tool before each use for any signs of damage or wear.
- Use personal protective equipment (PPE) such as safety goggles and gloves when operating the cutter.
- Ensure your workspace is clean, organized, and welllit.
- Do not use the tool for any purpose other than its intended use.
- If you experience any difficulties or issues while using the product, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Sharp edges: The cutter blade is sharp and can cause cuts or injuries.
- Metal shavings: The cutting process may produce metal shavings that can be hazardous.
- Misalignment: Improper use may lead to tool misalignment, causing damage to the firearm or injury.

### • Avoiding Hazards:

- Always handle the cutter with care, avoiding direct contact with the blade.
- Wear gloves to protect your hands from sharp edges.
- Use a suitable surface to work on, ensuring it is stable and secure.
- Follow the instructions for aligning and securing the pilot to prevent misalignment.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and safe to work on.
- Gather all necessary tools and materials, including the cutter, handle, and pilot.

### 2. Installing the Pilot:

- Select the appropriate pilot for your caliber.
- Insert the pilot into the cutter, ensuring it is securely fitted and aligned.

### 3. Using the Cutter:

- Position the cutter at a 90° angle to the muzzle.
- Apply gentle pressure while rotating the cutter to achieve an even cut.
- Avoid excessive force, which may damage the cutter or the firearm.

#### **4. PostUse Care:**

- Clean the cutter and pilot after each use to remove any metal shavings.
- Store the cutter in its polypropylene box when not in use to prevent damage.

## **Disposal Instructions**

- Dispose of any metal shavings and wornout parts in accordance with local regulations.
- Do not dispose of the cutter or pilot in household waste. Instead, follow local guidelines for the disposal of metal tools.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the official website or contact your local distributor.
