

90° MUZZLE FACING CUTTER & BRASS PILOT - 90 DEGREE FACING CUTTER & BRASS PILOT FOR 6MM/.243 MUZZLE

[Gunsmith Tools & Supplies](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Face Off & Square Up Rifle & Handgun Muzzles

Hardened steel, 90° facing cutter squares a muzzle after shortening; or use to repair dings and damage. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately.

Select following for other rifle/handgun muzzle, cylinder facing & chamfering tools.

Safety Instruction Guide for 90° Muzzle Facing Cutter & Brass Pilot

Introduction

Thank you for choosing the 90° Muzzle Facing Cutter & Brass Pilot. This tool is designed to help you square a muzzle after shortening or to repair dings and damage. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the cutter.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool before each use for any signs of damage or wear.
- Do not use the tool if it is damaged or if any components are missing.
- Follow all local laws and regulations regarding the use of this tool.

Specific Safety Precautions for Use

- When using the cutter, ensure that it is securely mounted and stable.
- Avoid loose clothing and jewelry that could become entangled in the tool.
- Use the cutter in a wellventilated area to minimize exposure to any dust or debris created during use.
- Do not exceed the recommended cutting length or pressure to avoid tool failure.
- Always store the cutter and its components in the provided polypropylene box when not in use to prevent accidental injuries.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that the work area is clean and free of obstacles.

2. Installation of the Cutter:

- Select the appropriate pilot for the caliber you are working with.
- Insert the pilot into the cutter, ensuring it is securely attached.
- Attach the handle to the cutter, making sure it is firmly in place.

3. Using the Cutter:

- Position the muzzle securely in a vise or clamp.
- Align the cutter with the muzzle, ensuring that it is perpendicular to the surface.
- Apply consistent, gentle pressure while rotating the cutter to achieve a square cut.
- Check the cut frequently to avoid overcutting.

4. PostUse:

- After completing your work, carefully remove the cutter and pilot from the muzzle.
- Clean any debris from the cutter and pilot before storing them.
- Place the cutter, handle, and pilot back in the polypropylene box for safe storage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the cutter or its components in regular household waste.

Contact Information for Further Support

For safety inquiries or further assistance, please contact the manufacturer or your local distributor. Ensure you have your product details ready when reaching out for support.

By following these guidelines and instructions, you can ensure the safe and effective use of the 90° Muzzle Facing Cutter & Brass Pilot. Thank you for your attention to safety!
