

45° MUZZLE/CYLINDER CHAMFERING CUTTER & BRASS PILOT - BROWNELLS 45 DEGREE FACING CUTTER & BRASS PILOT FOR .50 BMG/BP MUZZLE

[Gunsmith Tools](#) > [Barrel Tools](#) > [Barrel Chamfering Tool Kits](#)

Break Sharp Edges On Rifle & Handgun Muzzles; Get Faster Cylinder Filling On Revolvers

45° chamfering cutter breaks the edges of the rifling for a clean bullet exit or chamfers revolver cylinder chamber mouths for quick reloads. Includes the cutter, a handle and one pilot, all in a polypropylene box. Interchangeable pilot keeps cutter properly aligned. Purchase extra pilots to use one cutter for many different calibers. Pilots for other calibers available separately. The 45° Cutter supplied in Sets marked with an * is 5/8" dia. to correctly chamfer the larger barrel and cylinder mouths on those calibers. All other Sets have a 1/2" diameter, 45° cutter.

Select one of the following for other rifle/handgun muzzles, cylinder facing & chamfering tools.

Safety Instruction Guide for 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot

Introduction

Thank you for choosing the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot by Brownells. This product is designed to enhance your reloading experience by ensuring clean bullet exits and efficient chamber preparation. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the cutter.
- Keep the cutter and its components out of reach of children and vulnerable individuals.
- Regularly inspect the cutter and its components for wear and damage before use.
- Follow all local regulations regarding the use and disposal of tools and equipment.

Specific Safety Precautions for Use

• Potential Hazards:

- Sharp edges on the cutter can cause cuts or lacerations.
- Improper handling may lead to accidents or injuries.

• Avoiding Hazards:

- Always handle the cutter by the handle and avoid contact with the cutting edges.
- Ensure the work area is clean and free of obstructions to prevent tripping or accidents.
- Use the cutter in a welllit area to maintain visibility and control.

• Age Restrictions:

- This product is not intended for use by individuals under the age of 18. Ensure that only qualified adults operate the cutter.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the cutter, handle, and appropriate pilot.
- Ensure the work surface is stable and clean.

2. Assembly:

- Attach the handle to the cutter securely.
- Choose the correct pilot for your caliber and insert it into the cutter.

3. Using the Cutter:

- Position the cutter at a 45° angle against the barrel or cylinder mouth.
- Apply gentle pressure while rotating the cutter to chamfer the edge. Do not force the cutter.
- Check periodically to ensure the chamfer is even and consistent.

4. PostUse Care:

- Clean the cutter and pilot after use to remove any debris.
- Store the cutter and its components in the provided polypropylene box to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local waste management regulations.
- Do not dispose of the cutter or its components in regular household waste. Check for designated disposal sites or recycling programs for metal tools.

Contact Information for Further Support

For further inquiries or assistance regarding the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot, please refer to the manufacturer's contact information provided on the product packaging or user manual.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the 45° Muzzle/Cylinder Chamfering Cutter & Brass Pilot. Always prioritize safety and adhere to the guidelines set forth in this manual. Happy reloading!
