

ACRAGLAS® DYES - BROWNELLS ACRAGLAS DYE, GREEN CAMO, 1OZ

[Gunsmith Tools](#) > [Stock Work & Finishing](#) > [Stock Bedding Accessories](#) > [Acraglas Dyes](#)

Actually Dyes The Epoxy For Perfect Color

Traditional Brown, Jet Black, Camo Green and White "Toner" dyes actually mix with any epoxy to give even, true color throughout. Use straight for stock bedding or mix with White "Toner" to match wood for crack repair, patching, invisible bedding lines. When bedding fiberglass stocks that are to be painted using our Camo Paints, the Brown, Jet Black and Camo Green colors are a perfect match, so bedding lines won't show. Brown is also the same as in ACRAGLAS and ACRAGLAS GEL® Kits. Use a very small amount of Jet Black to duplicate grip caps, buttplates, etc., in casting molds. White "Toner" doesn't cast pure white; use to lighten other colors.

ACRAGLAS® DYES BROWNELLS ACRAGLAS DYE GREEN CAMO 1OZ Safety Instruction Guide

Introduction

Thank you for choosing ACRAGLAS® DYES BROWNELLS ACRAGLAS DYE GREEN CAMO 1OZ. This product is designed to provide a reliable solution for achieving true color in your projects. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product in a wellventilated area to avoid inhalation of fumes.
- Keep the product out of reach of children and pets.
- Wear appropriate personal protective equipment (PPE), including gloves and safety goggles, when handling the dye.
- Avoid skin contact and wash hands thoroughly after use.
- Do not ingest the product. If ingested, seek medical attention immediately.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any unused product and containers according to local regulations.

Specific Safety Precautions for Use

- Ensure that surfaces are clean and dry before applying the dye.
- Use only in accordance with the manufacturer's instructions to avoid unintended reactions with other materials.
- Test the dye on a small, inconspicuous area before full application to ensure desired results.
- Avoid mixing with incompatible substances. Consult the product label for more information.
- In case of accidental spillage, clean immediately using appropriate cleaning agents.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the dye, mixing tools, and PPE.
- Ensure the workspace is clean and wellventilated.

2. Mixing the Dye:

- Use a small amount of dye and mix it with the epoxy according to the instructions provided.
- If you need to lighten the color, add a small amount of White "Toner" dye as needed.

3. Application:

- Apply the mixed dye to the desired area using a brush or other suitable applicator.
- For stock bedding, use the dye straight or mixed with White "Toner" for color matching.
- If using for fiberglass stocks, ensure that the colors match with the intended Camo Paints.

4. Drying:

- Allow the applied dye to dry completely before handling or applying additional layers.
- Follow the recommended drying time as indicated on the product label.

5. Cleanup:

- Clean all tools and surfaces immediately after use with appropriate solvents.
- Dispose of any waste materials in accordance with local disposal regulations.

Disposal Instructions

- Dispose of any leftover dye and containers in accordance with local hazardous waste regulations.
- Do not pour unused dye down the drain or in the environment.
- Check with local waste management authorities for specific disposal instructions.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the use of this product, please refer to the manufacturer's contact information provided on the packaging.

By following these guidelines, you can ensure safe and effective use of ACRAGLAS® DYES BROWNELLS ACRAGLAS DYE GREEN CAMO 1OZ. Thank you for your attention to safety.
