

GAS GRILL TANK BURNER ADAPTER - BROWNELLS GAS GRILL TANK BURNER ADAPTER

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Metal Bluing](#) > [Pipe Burners & Components](#)

Lets You Use Your Gas-Grill Tank With Your Propane Bluing & Cleaning Tanks

Quick-disconnect regulator and hose adapts standard-size valves on gas-grill, propane tanks to Brownells Bluing or Hot Water Tank Burners. Gives you access to a convenient fuel source for bluing or hot tank cleaning operations. 60-inch, rubber hose provides plenty of length. Brass, female fitting attaches to your burner. Regulator requires no additional tools to install; just turn the plastic knob.

Safety Instruction Guide for GAS GRILL TANK BURNER ADAPTER

Introduction

Thank you for choosing the GAS GRILL TANK BURNER ADAPTER from Brownells. This product is designed to provide a safe and efficient way to connect standardsize valves on gas grills and propane tanks to Brownells Bluing or Hot Water Tank Burners. Please read this safety instruction guide thoroughly before use to ensure safe operation and compliance with EU safety regulations.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this manual.
- Always follow the manufacturer's instructions for installation and use.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the adapter, hose, and fittings for any signs of wear or damage before use.
- Do not use the adapter if any part is damaged or malfunctioning.
- Always operate the product in a wellventilated area to avoid the accumulation of harmful gases.
- Be aware of the potential hazards associated with gas products, including fire, explosion, and asphyxiation.
- Report any unsafe products or accidents to relevant authorities.

Specific Safety Precautions for Use

- **Flammable Materials:** Keep all flammable materials away from the burner and gas source.
- **Leak Testing:** Before each use, perform a leak test on all connections using soapy water. If bubbles form, there is a leak that must be fixed before use.
- **Regulator Handling:** Handle the regulator and hoses carefully; do not apply excessive force or twist.
- **Temperature Awareness:** Be cautious of hot surfaces during and after use to avoid burns.
- **Gas Source:** Ensure the gas source is turned off before connecting or disconnecting the adapter.
- **Emergency Procedures:** Familiarize yourself with emergency procedures in case of a gas leak or fire.

Instructions for Installation and Usage

1. Installation:

- Ensure that all components are clean and free from debris.
- Connect the brass female fitting of the adapter to the burner securely.
- Attach the other end of the hose to the standardsize valve on the gas grill or propane tank.
- Turn the plastic knob on the regulator to secure the connection without the need for additional tools.

2. Usage:

- Before igniting the burner, ensure that all connections are tight and leakfree.
- Open the gas valve slowly to allow gas to flow to the burner.
- Use a long lighter or match to ignite the burner from a safe distance.
- Monitor the burner during operation and ensure it is functioning correctly.
- After use, turn off the gas supply and allow the burner to cool before disconnecting the adapter.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic and gas equipment.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the GAS GRILL TANK BURNER ADAPTER, please reach out to your local distributor or the manufacturer for assistance. Ensure you have your product details ready for reference.

By following these safety instructions, you can ensure a safe and effective operation of your GAS GRILL TANK BURNER ADAPTER. Thank you for your attention to safety and for choosing Brownells products.
