Aluminum Oxide In A Water Soluble Base For Easy Cleanup

The right abrasive for lapping the final fit between semi-auto slides and frames, rifle bolts and receiver raceways and any other application where a super-close fit or silk-smooth mechanism is required. #600 and #800 grit aluminum oxide abrasive crystals in a long lasting petroleum base that's water soluble for fast, easy cleanup in soap and water. Aluminum oxide crystals are smooth and rounded in shape, so they won't embed and continue to wear the part after cleanup.

Attributes

- Name: LAPPING COMPOUND, ALUMINUM, OXIDE, #600 GRIT
- Manufacturer: BROWNELLS
- Product no.: 083041600
- Mfr. No.: E10041600
- Grit: 600
- Model Number: 600 Grit Only
- Delivery weight: 0.159kg
- Shipping height: 41mm
- Shipping width: 89mm
- Shipping length: 89mm
- UPC: 050806105171

Safety Instruction Guide for Lapping Compounds

Introduction

Thank you for choosing the Lapping Compound, Aluminum Oxide, #600 Grit. This product is designed to help you achieve a superclose fit and silksmooth mechanism for various applications. To ensure your safety and the effective use of this product, please read and follow the safety guidelines outlined in this document.

General Safety Guidelines

- Always use the product in a wellventilated area to avoid inhaling dust.
- Keep the product out of reach of children and pets.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, when handling the compound.
- Do not ingest the product. It is not a food product.
- In case of skin contact, wash thoroughly with soap and water.
- If the product gets into your eyes, rinse immediately with clean water and seek medical attention if irritation persists.
- Dispose of any waste material according to local regulations.

Specific Safety Precautions for Use

- Use the Lapping Compound only for its intended purpose to avoid misuse.
- Avoid using the product near open flames or high heat sources.
- Ensure that the work surface is stable and secure before beginning your lapping process.
- Do not mix the compound with other chemicals or substances unless specified by the manufacturer.
- If you experience any adverse reactions while using the product, discontinue use immediately and consult a medical professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the Lapping Compound and any lapping tools you will use.
- Clean the surfaces you will be lapping to remove any dirt or debris.

2. Application:

- Apply a small amount of the Lapping Compound to the surface of the part you are working on.
- Use a lapping tool to spread the compound evenly across the surface.

3. Lapping Process:

- Gently move the lapping tool in a consistent, circular motion to ensure an even finish.
- Periodically check the surface for progress and reapply the compound as necessary.

4. Cleanup:

- After completing the lapping process, clean the work area and tools with soap and water to remove any residue.
- Ensure that all materials are disposed of properly.

Disposal Instructions

- Dispose of the Lapping Compound container and any unused product in accordance with local waste disposal regulations.
- Do not dispose of the product in household waste or down the drain.

Contact Information for Further Support

For any inquiries about the product or safety concerns, please refer to the contact details provided on the product packaging or the manufacturer's website. Always ensure you have the latest safety information and updates regarding the product.

Thank you for your attention to these safety instructions. Enjoy your experience with the Lapping Compound, Aluminum Oxide, #600 Grit, and achieve the best results in your projects!
