

STANDARD LINE NYLON HANDGUN BORE BRUSHES - BROWNEllS STANDARD LINE BRUSH, NYLON, .17 CALIBER PISTOL, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall Length: 2-1/8 (5.4cm) Thread: 17 caliber 5-40 thread, all others 8-32 thread

Safety Instruction Guide for STANDARD LINE NYLON HANDGUN BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE NYLON HANDGUN BORE BRUSHES by BROWNELLS. This guide provides important safety information and instructions for proper use, ensuring your safety and the optimal performance of the product.

General Safety Guidelines

- Always use the bore brushes as intended, following the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the bore brush before each use. Do not use if damaged or worn.
- Avoid using excessive force when cleaning to prevent damage to the bore brush and firearm.
- Store the bore brushes in a cool, dry place away from direct sunlight and moisture.
- Dispose of any damaged brushes properly to avoid injury.

Specific Safety Precautions for Use

- Use only with firearms that are compatible with the 17 caliber bore brush.
- Ensure the firearm is unloaded before using the bore brush.
- Wear safety glasses to protect your eyes from debris while cleaning.
- Do not use the bore brush on hot surfaces or immediately after firing the firearm.
- Avoid contact with cleaning solvents or chemicals that may damage the nylon bristles or steel shank.
- Do not attempt to modify or repair the bore brush.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the bore brush, cleaning rod, and cleaning solvent.

2. Installation:

- Attach the bore brush to the cleaning rod by screwing it onto the rod's threaded end. Ensure it is securely fastened.

3. Usage:

- Apply a small amount of cleaning solvent to the bore brush.
- Insert the bore brush into the firearm's barrel.
- Gently push the brush through the barrel, using a twisting motion to ensure thorough cleaning.
- Repeat the process as necessary, depending on the level of fouling.
- After use, remove the bore brush from the barrel and clean it with water or solvent to remove residue.

4. PostCleaning:

- Allow the bore brush to dry completely before storing.
- Store the bore brush in its original packaging or a designated storage container.

Disposal Instructions

- Dispose of any damaged or worn bore brushes in accordance with local waste disposal regulations.
- Do not incinerate the bore brush as it may release harmful fumes.

Contact Information for Further Support

For any safety inquiries or additional support regarding the STANDARD LINE NYLON HANDGUN BORE BRUSHES, please reach out to your local BROWNELLS representative or authorized dealer.

By following these safety instructions, you can ensure safe and effective use of your bore brushes while maintaining compliance with the EU General Product Safety Regulation. Thank you for prioritizing safety in your firearm maintenance practices.
