

SPECIAL LINE"! BRASS CORE SHOTGUN BORE BRUSHES - BROWNELLS 10 GAUGE SPECIAL LINE BRASS SHOTGUN BRUSH 12/PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Hard-Scrubbing Bronze Bristles; Brass Shank & Coupling Won't Scratch Bores

If you or your customer has one of those guns that drives tacks or knocks down birds every time, the slight extra cost of our Special Line brushes is well worth it to eliminate any chance of the cleaning brush's shank putting a scratch in that all-important barrel. The Brass shank is one-piece, looped and wound, (not two, twisted together and chopped off). The coupling is no-scratch Brass. The bristles are the best, phosphor, bronze scrubbing wire for long life and thorough cleaning. SPECS: Bristles: Phosphor bronze. Overall Length: 2-7/8' (7.3cm) Threads: 5/16-27 male

Safety Instruction Guide for SPECIAL LINE Brass Core Shotgun Bore Brushes

Introduction

Thank you for choosing the SPECIAL LINE Brass Core Shotgun Bore Brushes from BROWNELLS. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read the entire guide carefully before using the brushes.

General Safety Guidelines

- Always handle the bore brushes with care to prevent injury.
- Ensure that the shotgun is unloaded and the chamber is empty before cleaning.
- Store the bore brushes out of reach of children and vulnerable individuals.
- Regularly inspect the brushes for damage or wear before use.
- Use only as intended; do not modify the product.

Specific Safety Precautions for Use

- **Hazard Identification:** Risk of injury from sharp bristles if mishandled. Potential for scratches on the barrel if the brush is not used properly.
- **Avoiding Hazards:** Always wear safety glasses to protect your eyes while cleaning. Use the correct brush size for your shotgun gauge to prevent damage. Do not force the brush into the barrel; it should fit snugly without excessive pressure. Clean in a welllit area to ensure visibility and control.

Instructions for Installation and Usage

1. Preparation:

- Ensure the shotgun is completely unloaded and pointed in a safe direction.
- Gather necessary cleaning supplies, including cleaning solvent and a cleaning rod.

2. Installation:

- Screw the bore brush onto the cleaning rod securely.
- Ensure the brush is the correct size for your shotgun (10 gauge).

3. Usage:

- Insert the brush into the barrel from the chamber end.
- Gently push the brush through the barrel until it exits the muzzle.
- Pull the brush back through the barrel; repeat this process several times.
- After cleaning, remove the brush and clean the barrel with a dry patch to remove any residue.

4. PostCleaning:

- Inspect the brush for any damage or wear.
- Store the brush in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the bore brushes in accordance with local regulations.
- Do not throw them in regular household waste if they are damaged; check for any special disposal requirements.

Contact Information for Further Support

For any inquiries or concerns regarding the use of the SPECIAL LINE Brass Core Shotgun Bore Brushes, please reach out to your local retailer or manufacturer. It is essential to stay informed about product recalls and safety updates through official channels.

Conclusion

Following these safety instructions will help ensure a safe and effective cleaning experience with your SPECIAL LINE Brass Core Shotgun Bore Brushes. Always prioritize safety and proper handling to maintain the integrity of your firearm and your personal safety. Thank you for your attention to these guidelines.
