

SPECIAL LINE"! BRASS CORE SHOTGUN BORE BRUSHES - BROWNELLS SPECIAL LINE BRUSH, BRASS, 12 GAUGE SHOTGUN, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Hard-Scrubbing Bronze Bristles; Brass Shank & Coupling Won't Scratch Bores

If you or your customer has one of those guns that drives tacks or knocks down birds every time, the slight extra cost of our Special Line brushes is well worth it to eliminate any chance of the cleaning brush's shank putting a scratch in that all-important barrel. The Brass shank is one-piece, looped and wound, (not two, twisted together and chopped off). The coupling is no-scratch Brass. The bristles are the best, phosphor, bronze scrubbing wire for long life and thorough cleaning. SPECS: Bristles: Phosphor bronze. Overall Length: 2-7/8' (7.3cm) Threads: 5/16-27 male

Safety Instruction Guide for SPECIAL LINE Brass Core Shotgun Bore Brushes

Introduction

Thank you for choosing the SPECIAL LINE Brass Core Shotgun Bore Brushes from BROWNELLS. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this document carefully before using the brushes.

General Safety Guidelines

- Ensure safe use of the product by following all instructions.
- Be aware of potential hazards associated with improper use.
- Always keep the brushes out of reach of children and vulnerable individuals.
- Regularly check for any product recalls or safety alerts via the EU's Safety Gate platform.
- If you encounter any unsafe products or accidents, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Always inspect the brush before use for any signs of damage or wear.
- Use the brush only for its intended purpose—cleaning shotgun barrels.
- Do not use excessive force when cleaning to avoid damaging the barrel.
- Ensure the firearm is unloaded and pointed in a safe direction before cleaning.
- Avoid using the brush on firearms that have not been properly maintained.
- Follow the manufacturer's recommendations for cleaning frequency and methods.
- Store the brushes in a dry place to prevent corrosion.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the shotgun is completely unloaded.
- Gather all necessary cleaning supplies, including the bore brush.

2. Installation:

- Attach the bore brush to a cleaning rod with a 5/1627 male thread.
- Ensure that the brush is securely fastened to the cleaning rod.

3. Usage:

- Insert the bore brush into the shotgun barrel.
- Gently push the brush through the barrel, using a smooth, steady motion.
- Pull the brush back through the barrel to remove dirt and debris.
- Repeat the process as necessary, ensuring that the brush does not get stuck.
- After cleaning, remove the brush and clean the barrel with a suitable solvent if required.

4. PostUsage:

- Clean the bore brush with warm, soapy water to remove any residue.
- Allow the brush to dry completely before storing.

Disposal Instructions

- Dispose of the brushes in accordance with local regulations.
- Do not dispose of the brushes in regular household waste if they are damaged or contain hazardous materials.
- Consider recycling the brass components where facilities are available.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of this product, please refer to the manufacturer's contact information included in the product packaging.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective cleaning experience with your SPECIAL LINE Brass Core Shotgun Bore Brushes.
