

SPECIAL LINE"! BRASS CORE SHOTGUN BORE BRUSHES - BROWNELLS SPECIAL LINE BRUSH, BRASS, 28 GAUGE SHOTGUN, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Hard-Scrubbing Bronze Bristles; Brass Shank & Coupling Won't Scratch Bores

If you or your customer has one of those guns that drives tacks or knocks down birds every time, the slight extra cost of our Special Line brushes is well worth it to eliminate any chance of the cleaning brush's shank putting a scratch in that all-important barrel. The Brass shank is one-piece, looped and wound, (not two, twisted together and chopped off). The coupling is no-scratch Brass. The bristles are the best, phosphor, bronze scrubbing wire for long life and thorough cleaning. SPECS: Bristles: Phosphor bronze. Overall Length: 2-7/8' (7.3cm) Threads: 5/16-27 male

Safety Instruction Guide for SPECIAL LINE Brass Core Shotgun Bore Brushes

Introduction

Thank you for choosing the SPECIAL LINE Brass Core Shotgun Bore Brushes by Brownells. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this document carefully before use.

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided.
- Be aware of potential hazards associated with using bore brushes, including injury from improper handling or cleaning.
- Always keep the product out of reach of children to prevent accidents.
- If you experience any issues or concerns with the product, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Always inspect the bore brush before use for any signs of damage or wear.
- Use the bore brush only for its intended purpose – cleaning shotgun barrels.
- Do not use excessive force when cleaning, as this may damage the barrel or the brush.
- Wear safety glasses to protect your eyes from debris or cleaning solvents.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Avoid using the bore brush on firearms that are not compatible with the specified gauge (28 gauge).
- Store the bore brush in a safe, dry place after use to prevent damage and ensure longevity.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including cleaning solvents and cloths.

2. Attaching the Bore Brush:

- Select the appropriate bore brush for your shotgun (28 gauge).
- Screw the brush onto a compatible cleaning rod with a 5/1627 male thread.
- Ensure the connection is secure before proceeding.

3. Cleaning the Barrel:

- Apply a suitable cleaning solvent to the bristles of the bore brush.
- Insert the brush into the barrel and push it through from the chamber to the muzzle.
- Repeat this process several times, applying more solvent as needed.
- After cleaning, run a dry patch through the barrel to remove any residue.

4. Final Inspection:

- Inspect the barrel for cleanliness and ensure no bristles are left behind.
- Store the bore brush properly to maintain its condition.

Disposal Instructions

- Dispose of any damaged or worn bore brushes in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For safety inquiries or further assistance regarding the SPECIAL LINE Brass Core Shotgun Bore Brushes, please refer to the contact details provided with your product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure a safe and effective cleaning experience with your SPECIAL LINE Brass Core Shotgun Bore Brushes. Thank you for your attention to these important safety instructions.
