

# STANDARD LINE NYLON HANDGUN BORE BRUSHES - BROWNEllS STANDARD LINE BRUSH, NYLON, .375 CALIBER PISTOL, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall Length: 2-1/8 (5.4cm) Thread: 17 caliber 5-40 thread, all others 8-32 thread

# Safety Instructions for STANDARD LINE NYLON HANDGUN BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE NYLON HANDGUN BORE BRUSHES by BROWNELLS. This guide provides essential safety instructions to ensure the safe and effective use of these bore brushes. Please read this guide carefully and keep it for future reference.

## General Safety Guidelines

- Always handle bore brushes with care to avoid injury.
- Ensure the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the bore brushes for wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use protective eyewear when cleaning firearms to prevent injury from debris.
- Do not use excessive force when inserting or removing the bore brush to avoid damaging the brush or the firearm.
- Avoid using the bore brush on hot surfaces or when the firearm is still warm.
- Do not leave the bore brush unattended while in use.
- Ensure the firearm is unloaded before using the bore brush.
- Follow the manufacturer's instructions for cleaning and maintenance of the firearm.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is completely unloaded.
- Gather all necessary cleaning supplies and tools.

### 2. Using the Bore Brush

- Select the correct caliber bore brush (375 caliber for this product).
- Attach the bore brush to a cleaning rod, ensuring it is securely fastened.
- Insert the bore brush into the barrel of the firearm gently.
- Move the bore brush back and forth through the barrel in a smooth motion.
- Remove the bore brush from the barrel carefully.
- Clean the bore brush after use to maintain its effectiveness.

### 3. Storage

- Store the bore brushes in a dry, cool place away from direct sunlight.
- Keep the brushes in their original packaging or a suitable container to prevent damage.

## Disposal Instructions

- Dispose of the bore brushes in accordance with local regulations.
- Do not dispose of the brushes in household waste if they are damaged or contaminated.

- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please refer to the contact details provided on the packaging or the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety is our priority.
