

STANDARD LINE NYLON HANDGUN BORE BRUSHES - STANDARD LINE BRUSH, NYLON, .416 CALIBER PISTOL, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall Length: 2-1/8 (5.4cm) Thread: 17 caliber 5-40 thread, all others 8-32 thread

Safety Instruction Guide for STANDARD LINE NYLON HANDGUN BORE BRUSHES

Introduction

Thank you for choosing the STANDARD LINE NYLON HANDGUN BORE BRUSHES. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the bore brushes.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the bore brushes out of reach of children and vulnerable individuals.
- Inspect the brushes before each use for any signs of damage or wear.
- Always follow the manufacturer's instructions for use and maintenance.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use protective eyewear when cleaning firearms to prevent injury from debris.
- Do not use the bore brushes on firearms that are loaded or have ammunition in them.
- Avoid using excessive force when cleaning to prevent damage to the bore brushes and the firearm.
- Ensure that the brush is securely attached to the cleaning rod before use.
- Store the brushes in a cool, dry place away from direct sunlight and moisture.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate bore brush for your firearm caliber (e.g., .416 caliber).
- Attach the bore brush to a compatible cleaning rod with the correct thread size (17 caliber: 540 thread; all others: 832 thread).
- Ensure that the brush is firmly secured to avoid detachment during use.

2. Usage:

- Before cleaning, ensure that the firearm is unloaded and pointed in a safe direction.
- Insert the bore brush into the barrel and gently push it through from the chamber end to the muzzle end.
- Use a backandforth motion to effectively clean the bore, being careful not to apply excessive force.
- After cleaning, remove the bore brush and inspect it for any signs of wear or damage.
- Clean the bore with a suitable solvent and follow up with a dry patch to remove any residue.

Disposal Instructions

- Dispose of used bore brushes in accordance with local regulations.
- Do not dispose of bore brushes in general household waste if they are damaged or contain hazardous materials.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the STANDARD LINE NYLON HANDGUN BORE BRUSHES, please reach out to the appropriate customer service or support channels provided by the manufacturer. Always ensure to have the product details ready for assistance.

By following these safety instructions, you can ensure the safe and effective use of your STANDARD LINE NYLON HANDGUN BORE BRUSHES. Thank you for your attention to safety.
