

# STANDARD LINE NYLON HANDGUN BORE BRUSHES - BROWNEULLS STANDARD LINE BRUSH, NYLON, .40 CALIBER PISTOL, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall Length: 2-1/8 (5.4cm) Thread: 17 caliber 5-40 thread, all others 8-32 thread

# Consumer Safety Instruction Guide for STANDARD LINE NYLON HANDGUN BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE NYLON HANDGUN BORE BRUSHES from BROWNELLS. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the bore brushes.

## General Safety Guidelines

- Ensure that all nonfood products, including bore brushes, are used safely.
- Be aware of potential risks associated with the use of bore brushes, including injury and damage to firearms.
- Always follow the manufacturer's instructions for safe use.
- If you are purchasing online, ensure that the platform meets safety requirements similar to physical stores.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always handle the bore brushes with care to avoid injury.
- Keep the brushes out of reach of children and vulnerable individuals.
- Inspect the brushes for damage before each use. Do not use if damaged.
- Use the bore brushes only for their intended purpose – cleaning firearm barrels.
- Avoid using excessive force when cleaning to prevent damage to the brushes and the firearm.
- Store the bore brushes in a dry place away from direct sunlight to maintain their quality.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather all necessary cleaning supplies, including the bore brush.

### 2. Installation:

- Attach the bore brush to a cleaning rod that is compatible with the brush's thread size:
  - For 17 caliber brushes, use a 540 thread.
  - For all other brushes, use an 832 thread.

### 3. Usage:

- Insert the bore brush into the firearm barrel.
- Rotate the brush gently as you push it through the barrel to remove fouling.
- Repeat the process as necessary, ensuring to clean the brush after use.
- After cleaning, inspect the barrel to ensure no debris remains.

### 4. PostUsage Care:

- Clean the bore brushes with a suitable solvent to remove any residue.
- Dry the brushes thoroughly before storage.

- Store the brushes in their original packaging or a designated storage area.

## **Disposal Instructions**

- Dispose of any damaged or worn bore brushes responsibly.
- Follow local regulations for the disposal of cleaning supplies and materials.
- Do not throw brushes in regular household waste if they are made of materials that require special disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product concerns, please refer to the contact information provided on the product packaging or the retailer's website.

Thank you for your attention to these safety instructions. Proper use and care of the STANDARD LINE NYLON HANDGUN BORE BRUSHES will help ensure a safe and effective cleaning experience for your firearms.
