

# STANDARD LINE NYLON HANDGUN BORE BRUSHES - BROWNELLS

## STANDARD LINE BRUSH, NYLON, .44/.45 CALIBER PISTOL, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall Length: 2-1/8 (5.4cm) Thread: 17 caliber 5-40 thread, all others 8-32 thread

# Safety Instruction Guide for STANDARD LINE NYLON HANDGUN BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE NYLON HANDGUN BORE BRUSHES by BROWNELLS. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow these instructions carefully to avoid any potential hazards.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is cleaning handgun bores.
- Always handle bore brushes with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the bore brush before each use. Do not use if it shows signs of damage or wear.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.

## Specific Safety Precautions for Use

- Use only with compatible firearms. The bore brushes are designed for 44 and 45 caliber handguns.
- Avoid using excessive force while cleaning to prevent damage to the bore.
- Do not use the bore brushes with solvents or cleaners that are not suitable for nylon materials.
- Wear protective eyewear when using the bore brush to prevent debris from entering the eyes.
- Store the bore brushes in a safe, dry place away from direct sunlight and moisture.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Gather necessary cleaning supplies, including the bore brush, cleaning rod, and any suitable cleaning solvents.

### 2. Installation:

- Attach the bore brush to a cleaning rod. Ensure it is securely fastened to prevent detachment during use.
- Check that the thread size of the cleaning rod matches the bore brush (17 caliber 540 thread or 832 thread).

### 3. Usage:

- Insert the bore brush into the barrel of the firearm.
- Gently push the brush through the barrel from the chamber to the muzzle. Avoid pulling the brush back through the barrel.
- Repeat the process as necessary, depending on the level of fouling observed.
- After cleaning, remove the bore brush and clean the firearm according to the manufacturer's instructions.

### 4. PostUse Care:

- Clean the bore brush with water and allow it to dry completely before storage.
- Store the bore brush in its original packaging or a safe container.

## **Disposal Instructions**

- Dispose of any damaged or worn bore brushes in accordance with local waste disposal regulations.
- Do not incinerate the product as it may release harmful fumes.

## **Contact Information for Further Support**

For any inquiries regarding safety or product concerns, please refer to the EU contact point available with your product packaging or on the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your STANDARD LINE NYLON HANDGUN BORE BRUSHES. Always prioritize safety and compliance with local laws during firearm maintenance. Thank you for your attention to these important guidelines.
