

# STANDARD LINE NYLON HANDGUN BORE BRUSHES - BROWNELLS STANDARD LINE BRUSH, NYLON, .475 CALIBER PISTOL, 3 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall Length: 2-1/8 (5.4cm) Thread: 17 caliber 5-40 thread, all others 8-32 thread

# Safety Instruction Guide for STANDARD LINE NYLON HANDGUN BORE BRUSHES

## Introduction

Thank you for choosing the STANDARD LINE NYLON HANDGUN BORE BRUSHES by BROWNELLS. This guide provides essential safety instructions to ensure the safe use and maintenance of your bore brushes. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as a bore cleaning tool for firearms.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the bore brushes for any signs of wear or damage before use.
- Always follow the manufacturer's instructions for usage and maintenance.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the bore brushes in a wellventilated area to avoid inhaling any cleaning agents or debris.
- Wear safety goggles to protect your eyes from potential splashes during cleaning.
- Use gloves to protect your hands from chemicals and to maintain grip during use.
- Avoid using excessive force while cleaning to prevent damage to the bore brush or the firearm.
- Do not use the bore brush on hot surfaces or near open flames.
- Ensure that the firearm is unloaded and safe before using the bore brush.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather all necessary cleaning supplies, including solvents and patches.

### 2. Installation of Bore Brush:

- Select the appropriate bore brush size (475 caliber).
- Screw the bore brush onto the cleaning rod securely.

### 3. Usage Instructions:

- Apply a suitable cleaning solvent to the bore brush.
- Insert the bore brush into the firearm's barrel from the chamber end.
- Push the brush through the barrel in one smooth motion and pull it back out.
- Repeat this process several times to ensure thorough cleaning.
- After cleaning, use a patch to remove any remaining solvent and debris.
- Dispose of used patches and cleaning materials according to local regulations.

## Disposal Instructions

- Dispose of the bore brush in accordance with local waste disposal regulations.
- Do not incinerate the bore brush as it may release harmful substances.
- Ensure that all cleaning solvents and materials are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any inquiries regarding product safety or to report a safety concern, please refer to the designated contact points as provided by the manufacturer or retailer.

Thank you for your attention to these safety instructions. Proper use and care of your STANDARD LINE NYLON HANDGUN BORE BRUSHES will ensure both your safety and the longevity of the product.
