

# STANDARD LINE NYLON HANDGUN BORE BRUSHES - BROWNEllS STANDARD LINE BRUSH, NYLON, .475 CALIBER PISTOL, 12 PACK

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off). Nylon Bore Brush - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 caliber, and .20 caliber, which have brass shanks). SPECS: Bristles: Available in nylon. Shank: Steel, looped and wound. Overall Length: 2-1/8 (5.4cm) Thread: 17 caliber 5-40 thread, all others 8-32 thread

# **Safety Instruction Guide for STANDARD LINE NYLON HANDGUN BORE BRUSHES**

## **Introduction**

Thank you for choosing the STANDARD LINE NYLON HANDGUN BORE BRUSHES by BROWNELLS. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the bore brushes.

## **General Safety Guidelines**

- Ensure that the product is used only for its intended purpose, which is cleaning firearm bores.
- Keep the brushes out of reach of children and vulnerable individuals.
- Inspect the brushes for any damage before use. Do not use if damaged.
- Always wear appropriate safety gear, including eye protection, when using cleaning tools.
- Follow all local laws and regulations regarding firearms and cleaning supplies.

## **Specific Safety Precautions for Use**

- Avoid using excessive force when cleaning, as this may damage the bore or the brush.
- Do not use the brushes on hot surfaces or immediately after firing a firearm.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Use the brushes in a wellventilated area to avoid inhaling any cleaning solvents or debris.
- Store the brushes in a dry place and avoid exposure to moisture to prevent deterioration.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Ensure that the firearm is completely unloaded.
- Gather all necessary cleaning supplies, including cleaning solvent and a cleaning rod.

### **2. Attaching the Brush:**

- Select the appropriate bore brush for your firearm caliber (in this case, .475 caliber).
- Attach the brush to the cleaning rod by screwing it onto the rod's threaded end.
- Ensure that it is securely fastened to prevent it from detaching during use.

### **3. Cleaning Procedure:**

- Apply a suitable cleaning solvent to the bore brush.
- Insert the brush into the bore from the chamber end, if applicable.
- Gently push the brush through the bore and pull it back out. Repeat this process several times.
- After cleaning, remove the brush and clean it with a solvent to remove debris.

### **4. PostCleaning:**

- Inspect the bore for any remaining fouling.
- If necessary, repeat the cleaning process until the bore is clean.
- Store the brushes properly after use.

## **Disposal Instructions**

- Dispose of used brushes in accordance with local waste disposal regulations.
- Do not dispose of brushes in regular household waste if they are contaminated with hazardous materials.
- Check with local authorities for proper disposal methods for cleaning supplies.

## **Contact Information for Further Support**

For any questions or concerns regarding the STANDARD LINE NYLON HANDGUN BORE BRUSHES, please contact the manufacturer directly. Ensure to have the product details ready for reference.

Thank you for following these safety instructions. Your safety and the proper use of this product are our top priorities.
