

# FELT POLISHING WHEELS - BACON FELT COMPANY 6" SOFT FELT POLISHING WHEEL 1/2" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

## Professional Gunsmith-Proven & Preferred

Finest quality 1" wide felt wheels, carefully selected and factory trued. (Final touch-up truing may be required.) Only the closely controlled density of felt wheels will give the superb finish that marks the real professional. Complete instructions on Polish-O-Ray™ tube describes felt wheel technique. It is best to use a different wheel for each polish grit. 1/2 hp or under, use 6" wheels at 3600 RPM, 1/2 hp or over, 8" at 1800, 3/4 hp or over can use 10" at 1800. 10" for experienced polishers only. Use the soft felt for most work, medium or hard wheel for 555™ Polish.

# Safety Instruction Guide for FELT POLISHING WHEELS

## Introduction

Thank you for choosing the FELT POLISHING WHEELS from BACON FELT COMPANY. This product is designed to provide a highquality polishing experience. To ensure your safety and the effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE), such as safety goggles and gloves.
- Keep the working area clean and free from clutter to avoid accidents.
- Ensure that all electrical equipment is properly grounded and in good working condition.
- Regularly inspect the polishing wheels for signs of wear or damage before use.
- Do not use the polishing wheels if they are damaged or have been modified.
- Follow all local regulations regarding the use and disposal of polishing materials.

## Specific Safety Precautions for Use

- Only use the polishing wheels with compatible machines as specified in the product instructions.
- Ensure that the polishing wheel is securely attached to the spindle before starting the machine.
- Do not exceed the recommended RPM for the wheel size and motor power:
  - For 1/2 hp or under: Use 6" wheels at 3600 RPM.
  - For 1/2 hp or over: Use 8" wheels at 1800 RPM.
  - For 3/4 hp or over: Use 10" wheels at 1800 RPM (for experienced polishers only).
- Use a separate wheel for each polish grit to avoid contamination.
- Do not apply excessive pressure on the polishing wheel; let the wheel do the work.
- Avoid wearing loose clothing or jewelry that could get caught in the machine.
- Keep hands and other body parts away from the polishing wheel while in operation.

## Instructions for Installation and Usage

### 1. Installation:

- Choose the appropriate adapter for your machine (1/2", 5/8", 3/4", or 7/8").
- Attach the adapter to the machine spindle if needed.
- Securely mount the polishing wheel onto the spindle, ensuring it is tightly fastened.
- Check that the wheel is aligned properly and spins freely without obstruction.

### 2. Usage:

- Before starting, ensure the area is clear of any obstacles and that you are wearing your PPE.
- Turn on the machine and allow the polishing wheel to reach the required operating speed.
- Gently bring the workpiece into contact with the wheel, using smooth and even pressure.
- Monitor the polishing process and adjust your technique as necessary.
- After use, turn off the machine and allow the polishing wheel to come to a complete stop before removing any workpieces.

## **Disposal Instructions**

- Dispose of any used polishing wheels in accordance with local regulations regarding industrial waste.
- Do not dispose of polishing materials in regular household waste.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the FELT POLISHING WHEELS, please refer to the contact information provided by the retailer or manufacturer. It is important to have a point of contact for safety inquiries and product support.

By following these safety instructions, you can ensure a safe and effective polishing experience with the FELT POLISHING WHEELS. Thank you for your attention to these important guidelines.
