

LASER BORESIGHTER - SIGHTMARK 223 REMINGTON/5.56MM NATO BORESIGHTER

[Gunsmith Tools & Supplies](#) > [Sight & Scope Installation Tools](#) > [Laser Boresighters](#)

Chamber-Mounted Laser Helps You Sight In Rifle Or Pistol Without Firing A Shot

Easy-to-use, self-contained boresighting system fits in the chamber of your rifle or pistol and projects a powerful red laser beam aligned with the bore axis for sighting to the point-of-aim without firing a shot. Works with scopes, holographic red dot sights, and "iron" sights. Durable, machined brass housing looks like a cartridge case but actually contains the entire laser system and batteries. Insert the batteries and screw the cap on the housing to turn on the laser; remove the batteries to turn off. Insert the entire assembly into the chamber, gently close the action, and aim at a target 20-30 yards away. Adjust windage and elevation of the scope or sights so point-of-aim is zeroed on the dot, compensating for sight offset to prevent gun from shooting high. Go to the range for test shots and final sight adjustments. Store boresighter in the included nylon carrying case that fits easily in a pocket, tool kit, or range bag. Available in a variety of calibers, listed below.

Attributes

- Name: [SIGHTMARK 223 REMINGTON/5.56MM NATO BORESIGHTER](#)
- Manufacturer: [SIGHTMARK](#)
- Product no.: 100004011

LASER BORESIGHTER SIGHTMARK 223 REMINGTON/5.56MM NATO BORESIGHTER Safety Instruction Guide

Introduction

Thank you for purchasing the LASER BORESIGHTER SIGHTMARK 223 REMINGTON/5.56MM NATO BORESIGHTER. This product is designed to assist in sighting your rifle or pistol without the need for live ammunition. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always treat the boresighter as if it is a loaded firearm.
- Keep the boresighter out of reach of children and unauthorized users.
- Use the boresighter only as intended, following the instructions provided.
- Do not point the laser at eyes or reflective surfaces to avoid eye injury.
- Inspect the boresighter for damage before each use. Do not use if damaged.
- Store the boresighter in a safe location when not in use.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before inserting the boresighter.
- Always aim the firearm in a safe direction when using the boresighter.
- Do not use the boresighter in conditions where the laser may be difficult to see.
- Avoid using the boresighter in wet or damp conditions to prevent damage.
- Be aware of your surroundings and ensure that no one is in the line of the laser beam.
- Follow all local laws and regulations regarding the use of laser devices.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather the necessary components: the boresighter and the included AG5 button cell batteries.

2. Inserting Batteries

- Open the housing cap of the boresighter.
- Insert the AG5 button cell batteries as indicated inside the housing.
- Securely screw the cap back onto the housing to activate the laser.

3. Inserting the Boresighter

- Gently insert the boresighter into the chamber of the firearm.
- Close the action of the firearm carefully to avoid damaging the boresighter.

4. Aiming

- Aim the firearm at a target located 2030 yards away.
- Observe the laser dot on the target.

5. Adjusting Sights

- Adjust the windage and elevation of your scope or sights until the point of aim is zeroed on the laser dot.
- Make necessary compensations for any sight offset to ensure accuracy.

6. Testing

- Once adjustments are complete, proceed to the range for test shots.
- Make final sight adjustments as needed based on test shots.

7. Turning Off the Boresighter

- Remove the batteries from the boresighter after use to turn it off and prevent battery drain.

Disposal Instructions

- Dispose of the boresighter and batteries in accordance with local regulations.
- Do not dispose of batteries in household waste; follow proper recycling procedures.

Contact Information for Further Support
