

# LASER BORESIGHTER - SIGHTMARK 7.62X39MM BORESIGHTER

[Gunsmith Tools & Supplies](#) > [Sight & Scope Installation Tools](#) > [Laser Boresighters](#)

## Chamber-Mounted Laser Helps You Sight In Rifle Or Pistol Without Firing A Shot

Easy-to-use, self-contained boresighting system fits in the chamber of your rifle or pistol and projects a powerful red laser beam aligned with the bore axis for sighting to the point-of-aim without firing a shot. Works with scopes, holographic red dot sights, and “iron” sights. Durable, machined brass housing looks like a cartridge case but actually contains the entire laser system and batteries. Insert the batteries and screw the cap on the housing to turn on the laser; remove the batteries to turn off. Insert the entire assembly into the chamber, gently close the action, and aim at a target 20-30 yards away. Adjust windage and elevation of the scope or sights so point-of-aim is zeroed on the dot, compensating for sight offset to prevent gun from shooting high. Go to the range for test shots and final sight adjustments. Store boresighter in the included nylon carrying case that fits easily in a pocket, tool kit, or range bag. Available in a variety of calibers, listed below.

## Attributes

- Name: [SIGHTMARK 7.62X39MM BORESIGHTER](#)
- Manufacturer: [SIGHTMARK](#)
- Product no.: 100004012
- Mfr. No.: SM39002
- Cartridge: 7.62 x 39 mm
- Delivery weight: 0.068kg
- UPC: 810119010018

# Safety Instruction Guide for the LASER BORESIGHTER SIGHTMARK 7.62X39MM BORESIGHTER

## Introduction

Thank you for choosing the LASER BORESIGHTER SIGHTMARK 7.62X39MM BORESIGHTER. This guide provides essential safety instructions to ensure safe and effective use of your boresighter. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always handle the boresighter with care and keep it out of reach of children.
- Do not point the laser beam at eyes or reflective surfaces.
- Ensure that the boresighter is used in a safe environment, away from individuals and animals.
- Check for any visible damage to the boresighter before use. If damaged, do not use the product.
- Always use the boresighter according to the instructions provided in this guide.

## Specific Safety Precautions for Use

- **Laser Safety:** The LASER BORESIGHTER emits a powerful red laser beam. Avoid looking directly into the laser beam or directing it towards others.
- **Firearm Safety:** Ensure that your firearm is unloaded before inserting the boresighter. Follow all firearm safety rules when handling your weapon.
- **Environment:** Use the boresighter in a welllit area to clearly see the laser dot on the target.
- **Battery Handling:** Use only the specified AG5 button cell batteries. Do not mix old and new batteries or different brands.

## Instructions for Installation and Usage

### 1. Inserting Batteries:

- Open the cap on the boresighter housing.
- Insert the provided AG5 button cell batteries, ensuring correct polarity.
- Screw the cap back onto the housing to turn on the laser.

### 2. Using the Boresighter:

- Insert the entire assembly into the chamber of your rifle or pistol.
- Gently close the action of the firearm.
- Aim at a target located 2030 yards away.
- Adjust the windage and elevation of your scope or sights until the pointofaim is zeroed on the laser dot.

### 3. Final Adjustments:

- After initial adjustments, go to the range for test shots.
- Make any final sight adjustments as necessary to ensure accuracy.

### 4. Storage:

- Store the boresighter in the included nylon carrying case when not in use.

- Keep the carrying case in a safe location, such as a pocket, tool kit, or range bag.

## **Disposal Instructions**

- Dispose of the boresighter and batteries in accordance with local regulations.
- Do not dispose of batteries in household waste. Use designated battery recycling facilities.

## **Contact Information for Further Support**

For any safety inquiries or further assistance, please refer to the manufacturer's contact information provided on the product packaging or the manufacturer's website.

By following these guidelines, you can ensure the safe and effective use of the LASER BORESIGHTER SIGHTMARK 7.62X39MM BORESIGHTER. Always prioritize safety and responsible handling of your equipment.
