Engraved Slogans Personalize Your Rifle

Ejection port covers are engraved with colorful slogans to personalize your AR in a unique way. The engraving is on the inside of the cover, so when it's closed, your gun retains its stock appearance. These are top-quality, all-steel covers made to the correct dimensions for proper fit and function on any mil-spec upper receiver.

AR15/M16 Engraved Ejection Port Covers Safety Instruction Guide

Introduction

Thank you for choosing the AR15/M16 Engraved Ejection Port Covers from Harford Engraving Services. This guide provides essential safety instructions to ensure the safe use and maintenance of your product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure that the ejection port cover is compatible with your AR15/M16 upper receiver model.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Keep the ejection port cover clean and free of obstructions to ensure proper functionality.
- Regularly inspect the cover for any signs of wear or damage.
- Store the firearm in a secure location, out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure your firearm is pointed in a safe direction at all times.

Specific Safety Precautions for Use

- Do not use the ejection port cover if it shows any signs of damage or malfunction.
- Ensure that the firearm is unloaded before installing or removing the ejection port cover.
- Avoid using the ejection port cover with incompatible firearm models, such as Rock River Arms 9mm or Uramex .22 LR.
- Always wear appropriate eye protection when handling firearms.
- If you experience any issues with the ejection port cover during use, cease operation immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a hinge pin, spring, and snap ring (sold separately).

2. Installation Steps

- Remove the existing ejection port cover if applicable.
- Insert the detent and detent spring into the new ejection port cover.
- Align the cover with the upper receiver and insert the hinge pin.
- Secure the cover in place using the snap ring and spring as needed.
- Test the functionality of the ejection port cover to ensure it opens and closes properly.

3. Usage

- When firing, ensure that the ejection port cover is closed to maintain the firearm's appearance and functionality.
- Regularly check the ejection port cover during use to ensure it remains secure.

Disposal Instructions

- Dispose of any damaged or nonfunctional ejection port covers in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the AR15/M16 Engraved Ejection Port Covers, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your AR15/M16 Engraved Ejection Port Covers. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these important guidelines.
