

S&W M&P ULTIMATE STRIKER BLOCK KIT - APEX TACTICAL SPECIALTIES INC STRIKER BLOCK KIT

[Handgun Parts](#) > [Action Parts](#) > [Firing Pin Parts](#) > [Firing Pin Blocks](#)

Drop-In Upgrade Parts Improve Trigger Pull For Competition Or Carry

Drop-in replacements for factory components enhance reliability and optimize the performance of your M&P for different applications. Hardened stainless steel striker safety plunger has different geometry and dimensions from the factory part to help deliver an exceptionally smooth takeup before the trigger bar engages the sear cam. Minimizes drag on the trigger bar as it transitions to the rest point, and gives a more clearly detectable reset. Mirror polished surface for minimal drag. Includes a reduced-power plunger spring to maintain safety integrity while reducing drag. Also includes a tool to aid in fast, easy installation.

Attributes

S&W M&P Ultimate Striker Block Kit Safety Instructions

Introduction

Thank you for choosing the S&W M&P Ultimate Striker Block Kit by Apex Tactical Specialties Inc. This product is designed to enhance the reliability and performance of your M&P pistol. Please read this safety instruction guide carefully to ensure safe use and installation of the kit.

General Safety Guidelines

- Ensure that you are familiar with your firearm and its components before attempting any modifications.
- Always handle firearms safely and responsibly, following all local laws and regulations.
- Keep the firearm unloaded when installing or modifying any components.
- Store the kit in a safe place, out of reach of children and unauthorized users.
- Regularly check for any recalls or safety notices related to this product on the EU Safety Gate platform.

Specific Safety Precautions for Use

- Use only with Smith & Wesson M&P pistols.
- Ensure that the firearm is completely unloaded before installation.
- Do not attempt to install the striker block kit if you are unsure of the process. Seek assistance from a qualified gunsmith if needed.
- Avoid using excessive force during installation to prevent damage to the components.
- Always test the firearm in a safe environment after installation to ensure proper function before use.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have a clean workspace and all necessary tools, including the provided installation tool.
- Remove the magazine and ensure the firearm is unloaded.

2. Installation:

- Disassemble your M&P pistol according to the manufacturer's instructions.
- Locate the factory striker block and carefully remove it.
- Install the new striker block from the kit, ensuring it is seated correctly.
- Replace the reducedpower plunger spring as indicated in the instructions.
- Reassemble your firearm, following the manufacturer's guidelines.

3. Testing:

- After installation, conduct a function check to ensure that the trigger operates smoothly and that the reset is clearly detectable.
- Perform this check in a safe environment, ensuring no live ammunition is present.

Disposal Instructions

- Dispose of any factory components that have been replaced in accordance with local waste disposal regulations.
- Do not discard the product in regular household waste; consider recycling options where available.

Contact Information for Further Support

For any questions or concerns regarding the S&W M&P Ultimate Striker Block Kit, please refer to the manufacturer's website or contact their customer support for assistance. Ensure to have your product details ready for a more efficient response.

Thank you for prioritizing safety and compliance while using the S&W M&P Ultimate Striker Block Kit. We appreciate your commitment to responsible firearm ownership.
