

3 PACK - SLIP 2000 GUN CLEANER/DEGREASER 3 PACK

SLIP 2000 3-Pack contains 2 fl. oz. bottles of 725 Gun Cleaner/ Degreaser, Carbon Killer, and Gun Lube. 725 Gun Cleaner/Degreaser is a water-based solvent that strips grease, oil, Cosmoline, carbon, and grime from gun parts. Safe for aluminum, carbon steel, and stainless, and won't harm plastic, bluing, sealed wood, or rubber. Use in parts washers, ultra sonic cleaners (check with manufacturer) or apply by hand. Lubricate exposed metal after use. Carbon Killer dissolves burnt-on carbon and flushes away powder residue. Soak the item to be cleaned in Carbon Killer for 5 to 15 minutes to loosen tough carbon fouling on bolts, cylinder faces, actions, muzzle brakes, and other hard-to-reach areas. Then simply wipe, brush, or rinse the part clean. Use for bore cleaning to remove carbon, lead, and plastic wad fouling. Carbon Killer is reusable; if stored properly, it can maintain its strength through multiple cleaning sessions. No hazardous chemicals, nonflammable, and biodegradable. Gun Lube keeps your gun running in extreme conditions. Won't become sticky or slow down at cold temperatures and doesn't freeze, even at -110°F. Heat has no effect, because Gun Lube doesn't evaporate and won't burn off up to +1,250°F. Won't attract dirt, dust, or sand, either, and it displaces moisture. Gun Lube penetrates into the micro-pores of the metal to create a bonded surface that resists carbon, copper, lead, plastic and other fouling for easy cleaning. Contains no petroleum distillates or oil.

Attributes

- Name: SLIP 2000 GUN CLEANER/DEGREASER 3 PACK
- Manufacturer: SLIP 2000
- Product no.: 100006799
- Mfr. No.: 60370
- Size: 2 oz
- Delivery weight: 0.227kg
- Shipping height: 762mm
- Shipping width: 119mm
- Shipping length: 221mm
- UPC: 815706003701

Safety Instructions for SLiP 2000 3Pack Gun Cleaner/Degreaser

Introduction

Thank you for choosing the SLiP 2000 3Pack, which includes 2 fl. oz. bottles of 725 Gun Cleaner/Degreaser, Carbon Killer, and Gun Lube. This guide provides essential safety instructions to ensure the safe and effective use of these products. Please read the following information carefully to understand how to handle and use the products safely.

General Safety Guidelines

- Always keep the products out of reach of children and pets.
- Ensure adequate ventilation when using these products to avoid inhalation of fumes.
- Use personal protective equipment (PPE) such as gloves and goggles to protect your skin and eyes.
- Do not ingest any of the products. If swallowed, seek medical attention immediately.
- Store the products in a cool, dry place away from direct sunlight and heat sources.
- Dispose of empty containers and any unused product in accordance with local regulations.

Specific Safety Precautions for Use

- **725 Gun Cleaner/Degreaser:**
 - Use only in wellventilated areas.
 - Avoid contact with eyes and skin. If contact occurs, rinse thoroughly with water.
 - Do not mix with other cleaning products or chemicals.
- **Carbon Killer:**
 - Wear gloves and eye protection when handling.
 - Do not use on surfaces that are not specified as safe (e.g., certain plastics).
 - Ensure the item being cleaned is not hot to avoid burns.
- **Gun Lube:**
 - Apply in a wellventilated area.
 - Avoid prolonged skin contact. Wash hands after use.
 - Keep away from open flames and high heat.

Instructions for Installation and Usage

- **Using 725 Gun Cleaner/Degreaser:**
 1. Shake the bottle before use.
 2. Apply the cleaner directly to the gun parts or use a cloth to wipe the surface.
 3. Allow the cleaner to sit for a few minutes before wiping off with a clean cloth.
 4. Lubricate exposed metal surfaces after cleaning.
- **Using Carbon Killer:**
 1. Submerge the item to be cleaned in Carbon Killer for 5 to 15 minutes.
 2. After soaking, use a brush or cloth to remove loosened carbon fouling.
 3. Rinse the item thoroughly with water and dry completely before reassembly.
- **Using Gun Lube:**
 1. Apply a small amount of Gun Lube to the metal parts of the gun.
 2. Use a clean cloth to spread the lube evenly over the surface.
 3. Ensure the lube penetrates into the micropores of the metal for optimal protection.

Disposal Instructions

- Dispose of empty bottles and any unused product in accordance with local waste disposal regulations.
- Do not pour any of the products down the drain or into the environment.
- Check with your local waste management authority for specific disposal instructions.

Contact Information for Further Support

For any questions regarding product safety or usage, please refer to the manufacturer's website or contact your local distributor for assistance.

By following these safety instructions, you can ensure a safe and effective experience while using the SLiP 2000 3Pack Gun Cleaner/Degreaser. Thank you for your attention to safety and for choosing our products.
