

# 1911 PERFORMANCE SLIDE STOP - 10-8 PERFORMANCE 1911 SLIDE STOP .38/9 STAINLESS STEEL

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

## Re-Engineered For Optimum Performance

Redesigned slide stop is machined from bar stock for strength and contoured for easy, reliable, positive operation. Features a long, wide finger pad with aggressive serrations for excellent traction, and a .200" diameter pin for secure lockup and smooth operation. The engagement surfaces contacting the magazine follower and the slide notch have been modified and optimized for performance, while the rear face is angled so the detent plunger keeps it positively in place under recoil until the magazine is empty.

## Attributes

- Name: [10-8 PERFORMANCE 1911 SLIDE STOP .38/9 STAINLESS STEEL](#)
- Manufacturer: [10-8 PERFORMANCE](#)
- Product no.: 100007264

# 1911 Performance Slide Stop Safety Instruction Guide

## Introduction

Thank you for purchasing the 1911 Performance Slide Stop by 108 Performance. This guide provides essential safety instructions to ensure the proper use and maintenance of your slide stop. Please read this manual carefully to understand the safety precautions and usage instructions.

## General Safety Guidelines

- Ensure that the slide stop is compatible with your firearm model: Government, Commander, or Officers.
- Always handle your firearm with care and ensure it is unloaded before installation or maintenance.
- Do not use the slide stop if it shows signs of damage or wear.
- Keep the slide stop and all firearm components out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure your firearm is pointed in a safe direction at all times when handling.
- Verify that the magazine is removed and the chamber is empty before installation.
- Avoid using excessive force when operating the slide stop to prevent damage.
- Regularly inspect the slide stop for wear and tear, especially the engagement surfaces.
- Use only recommended cleaning solutions and methods to maintain the slide stop.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing slide stop if applicable.
- Align the new slide stop with the slide notch and magazine follower.
- Insert the .200" diameter pin securely, ensuring a snug fit.
- Test the operation by cycling the slide several times to ensure smooth function.

### 2. Usage:

- Engage the slide stop using the long, wide finger pad.
- Ensure the aggressive serrations provide adequate traction for operation.
- Monitor the performance during use, ensuring the slide stop engages and disengages smoothly.
- If the slide stop fails to operate correctly, cease use immediately and inspect for issues.

## Disposal Instructions

- Dispose of the slide stop in accordance with local regulations regarding metal materials.
- Do not dispose of the slide stop in regular household waste.
- Consider recycling options for stainless steel components.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance of the 1911 Performance Slide Stop, please refer to

the manufacturer's contact point for assistance.

Thank you for prioritizing safety in your firearm handling. Enjoy your new slide stop responsibly!
