Safety Instruction Guide for RCBS Universal Hand Priming Tool

Introduction

Thank you for choosing the RCBS Universal Hand Priming Tool. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read and understand all sections carefully before using the tool.

General Safety Guidelines

- Always handle primers with care. Keep them away from heat, sparks, and open flames.
- Use the tool in a wellventilated area to avoid inhaling any dust or fumes.
- Store the tool and primers in a cool, dry place out of reach of children.
- Follow all local laws and regulations regarding the use and storage of reloading supplies.
- Regularly inspect the tool for any signs of wear or damage before use. Do not use if damaged.

Specific Safety Precautions for Use

- Ensure the safety gate is functioning correctly before seating primers. This feature is designed to prevent accidental detonation.
- Never attempt to modify or disassemble the tool for any reason.
- Always wear safety glasses when using the tool to protect your eyes from potential debris.
- Do not exceed the manufacturer's recommended limits for primer sizes and types.
- Keep your fingers away from the primer seating area while operating the tool.

Instructions for Installation and Usage

Installation

1. **Select the Shell Holder:** Choose the appropriate universal shell holder that corresponds to the case you are using, from .32 ACP to .4570 Government.
2. **Attach the Shell Holder:** Securely attach the shell holder to the tool according to the manufacturer's instructions.
3. **Load the Primer Tray:** Remove the primer tray and fill it with the appropriate size of primers (large or small). Ensure that the primers are oriented correctly for use.

Usage

1. **Position the Case:** Insert the case into the shell holder, ensuring it is seated properly.
2. **Engage the Safety Gate:** Before starting the priming operation, ensure the safety gate is engaged to isolate the primer seating operation from the primer supply.
3. **Seat the Primer:** Squeeze the handle slowly and steadily to seat the primer into the case. Avoid excessive force.
4. **Inspect the Primer:** After seating, check that the primer is seated correctly and flush with the case head.

Disposal Instructions

- Dispose of any unused primers and packaging according to local regulations for hazardous materials.
- Do not throw away primers in regular household waste. Contact local authorities for guidance on safe disposal methods.
- Ensure that all components of the tool are disposed of in an environmentally friendly manner.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact details provided in the product packaging or on their official website.

By following these safety instructions, you can ensure a safe and effective experience with the RCBS Universal Hand Priming Tool. Always prioritize safety and stay informed about best practices in reloading and tool usage.
