

REMINGTON 870/MOSSBERG 500 TELESCOPING BUTTSTOCK KIT - LEO Buttstock Adapter, Moss 500

Gives A Tactical Shotgun M4 Carbine Handling; Optional Recoil Reduction System

Bolt-on replacement stock gives your Remington 870 the control and adaptability of a collapsible M4 carbine stock. Telescoping, five position buttstock allows fast length-of-pull adjustment to adapt to body armor and heavy tactical clothing. Aluminum receiver adapter bolts to rear of receiver with included mounting hardware and requires no permanent alterations to your gun. Accepts the included M4 SOPMOD buttstock or any aftermarket stock that fits a mil-spec (1.14" O.D.) buffer tube. Hogue overmolded rubber pistol grip with palm swells and finger grooves bolts solidly to the receiver adapter to reduce recoil shock and give the shooter better control. Basic LEO (Law Enforcement) model positions the buttstock low enough to allow use of the original shotgun bead or iron sights. Four-position stock offers length of pull adjust from 10½" to 13½". Includes one push-button sling swivel that fits sockets on either side of the receiver adapter. Recoil Reducing model combines the low tube position and M4 buttstock with an Enidine hydraulic energy absorber to reduce felt recoil by as much as 70%. Gives you outstanding control to ensure fast, accurate follow-up shots. L.O.P. adjusts from 11½" to 14½" in five, pre-set, locking positions. Includes one push-button swivel that fits sockets on either side of the receiver adapter. Available for the Remington 870 and Mossberg 500. Stock adapter available individually. Adapter accepts standard AR-15 grips and carbine receiver extensions.

Safety Instruction Guide for REMINGTON 870/MOSSBERG 500 TELESCOPING BUTTSTOCK KIT LEO

Introduction

Thank you for choosing the REMINGTON 870/MOSSBERG 500 TELESCOPING BUTTSTOCK KIT LEO. This guide provides important safety information and instructions to ensure the proper and safe use of your product. Please read this manual carefully before installation and use.

General Safety Guidelines

- Ensure the product is compatible with your firearm model (Remington 870 and Mossberg 500).
- Always follow the manufacturer's instructions for installation and usage.
- Regularly inspect the buttstock kit and its components for wear and damage.
- Never modify the product in any way that could compromise safety.
- Store the product and your firearm in a secure location, away from children and unauthorized users.
- Always handle firearms and accessories with care, treating them as if they are loaded at all times.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms equipped with this buttstock kit.
- Ensure that the buttstock is securely attached to the firearm before use.
- Do not exceed the recommended length of pull adjustments to maintain control and safety.
- Be aware of your surroundings and ensure a safe shooting environment.
- Avoid using the firearm in wet or slippery conditions that may affect handling.
- Use only compatible aftermarket stocks that fit a milspec (1.14" O.D.) buffer tube.
- Ensure that the hydraulic energy absorber is functioning correctly to reduce felt recoil.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that your firearm is unloaded and pointed in a safe direction.
2. **Remove the Existing Stock:** Unscrew and detach the original buttstock from the firearm's receiver.
3. **Attach the Receiver Adapter:**
 - Align the receiver adapter with the rear of the receiver.
 - Use the included mounting hardware to secure the adapter in place.
4. **Install the Buttstock:**
 - Attach the M4 SOPMOD buttstock or compatible aftermarket stock to the receiver adapter.
 - Ensure it is firmly secured.
5. **Attach the Pistol Grip:**
 - Bolt the Hogue overmolded rubber pistol grip to the receiver adapter.
 - Ensure it is tightened to prevent movement.
6. **Adjust Length of Pull:**
 - Adjust the telescoping buttstock to the desired length of pull (from 10½" to 13½" for the basic model, or 11½" to 14½" for the recoilreducing model).
7. **Final Inspection:** Check all components for secure attachment and proper function before use.

Usage

- Always ensure the firearm is in safe working condition before each use.
- Adjust the buttstock for comfort and control based on your shooting position and equipment, such as body armor.
- Use the pushbutton sling swivel to attach a sling for ease of carry.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact local waste management authorities for proper disposal methods of firearm accessories.

Contact Information for Further Support

For any inquiries or concerns regarding the REMINGTON 870/MOSSBERG 500 TELESCOPING BUTTSTOCK KIT LEO, please refer to the manufacturer's website or customer service for assistance.

Conclusion

By following the safety guidelines and instructions outlined in this guide, you can ensure a safe and enjoyable experience with your REMINGTON 870/MOSSBERG 500 TELESCOPING BUTTSTOCK KIT LEO. Always prioritize safety and responsible usage. Thank you for your attention to these important safety measures.
